examines the relations between the Gulf States and Russia from the Soviet era to the present day Using the Republic of Tatarstan one of Russia's Muslim polities as a case study Galeeva demonstrates the emergence of relations between modern Tatarstan and the GCC States evolving from concerns with economic survival to a rising paradiplomacy reliant on shared Islamic identities Having conducted fieldwork in the Muslim Republics of Tatarstan Bashkortostan and Dagestan the book includes interviews with high ranking political figures heads of religious organisations and academics Moving beyond solely economic and geopolitical considerations the research in this book sheds light on the increasingly important role that culture and shared Islamic identity play in paradiplomacy efforts

The Breakdown of the Grand Alliance and the Origins of the Cold War, 1942-1946 John Kent, 2024-10-16 This book challenges the standard orthodox and neo revisionist accounts of the origins of the Cold War which portray the West as containing an expansionist Soviet Union Initially showing the importance of all three major wartime leaders attached to cooperation in the post war international order the book then focuses on imperial rivalries particularly between Britain and the Soviet Union in the Balkans and Eastern Mediterranean but also between the US and the Soviet Union in East Asia The book provides a nuanced account evaluating the responsibilities of the three major Allies for the breakdown of wartime cooperation by covering in detail the issues in Germany Poland Romania Greece Iran and Egypt It thereby provides an analysis of specific interests to enable an accurate chronology of leaders and foreign ministers conferences Uniquely it treats Britain's role as comparatively more important in the alliance's breakdown and the Cold War's origins

The Persian Gulf and the West Charles Kupchan, 2011-02-25 This volume provides a broadly comparative and historical re examination of the fundamental strategic dilemmas that confront the Western world in the Persian Gulf region This systematic study of how the West has defined and dealt with its security interests in this region reveals three central strategic dilemmas strategy versus capability globalism versus regionalism and unilateralism versus collectivism The first part of the book focuses on US policy

with particular emphasis on the Iranian Revolution and the Soviet invasion of Afghanistan The author explains why there has been a persistent gap between American perceptions of the Middle East and the political and strategic realities of the region The second part of the book examines the frustrated efforts of NATO members to form a cooperative response to their collective interests in the region The Quest for Hegemony in the Arab World Podeh,2022-02-22 The struggle between Egypt and Iraq over Arab hegemony constitutes the main theme of this study Focussing on the struggle over Middle Eastern defense between 1945 58 and culminating in the conflict over the Baghdad Pact 1955 58 it sheds new light on Arab politics during the period under review This research concentrates predominantly on the regional actors The underlying assumption is that policies were not necessarily formulated in Washington and London and that often enough major decisions taken in Ankara Cairo Baghdad Damascus Amman and other Arab capitals affected decision makers in Western capitals The Quest for Hegemony in the Arab World is based on newly released British American and Israeli documents as well as on all available Arab sources The study s value rests upon its discussion of the Baghdad Pact a significant event which was hitherto neglected yet marked a watershed in modern Arab history This study s approach offers an analytical framework with which the present struggle for hegemony in the Arab world may be examined **US Foreign Policy** Michael Cox,Doug Stokes,2018 Critical and connected brings together diverse political perspectives from the world s leading experts giving students the tools to critically evaluate America s ever changing role in international politics and to connect theory to real events **Iraq and Iran (RLE Iran A)** Jasim Abdulghani,2012-04-27 Behind the Iran Iraq war rests a history of conflict stretching back to the Ottoman Turks and the Persians This book examines the deep seated and complex factors involved in the rivalry between these two nations It focuses particularly on the period between 1969 and 1984 a time that saw both the rise of the Ba th party in Iraq and Khomeini s return to power in Iran These changes did much to escalate tensions The Ba th party s ideological socialist regime and its emphasis on political secular concerns stood in marked contrast to Iran under Khomeini and his efforts to spread an Islamic revolution among the nation s Shiite majority The author discusses how these differences have affected three long term problems Iraq s and Iran s rivalry for dominance in the Arabian Gulf region disputes over the Shatt al Arab waterway which serves as a boundary between the two nations and the Kurdish rebellion in Iraq supported by Iran The volume also looks at the most recent episodes of crisis and analyzes the evolution of the Iran Iraq war and its implications both regionally and globally Unlike other studies of Iraq s relations with Iran Abdulghani s is distinguished by its systematic and comprehensive synthesis which interlocks legal cultural historical and political issues that have characterized relations between the two countries
