Abstracts of Soviet and East European Emigré Periodical Literature, 1990 The American Bibliography of Slavic and Bewitching Russian Opera Inna Naroditskaya, 2018-11-01 In Bewitching Russian Opera The East European Studies .1991 Tsarina from State to Stage author Inna Naroditskaya investigates the musical lives of four female monarchs who ruled Russia for most of the eighteenth century Catherine I Anna Elizabeth and Catherine the Great Engaging with ethnomusicological historical and philological approaches her study traces the tsarinas deeply invested interest in musical drama as each built theaters established drama schools commissioned operas and ballets and themselves wrote and produced musical plays Naroditskaya examines the creative output of the tsarinas across the contexts in which they worked and lived revealing significant connections between their personal creative aspirations and contemporary musical theatrical practices and the political and state affairs conducted during their reigns Through contemporary performance theory she demonstrates how the opportunity for role playing and costume changing in performative spaces allowed individuals to cross otherwise rigid boundaries of class and gender A close look at a series of operas and musical theater productions from Catherine the Great's fairy tale operas to Tchaikovsky's Pique Dame illuminates the transition of these royal women from powerful political and cultural figures during their own reigns to a marginalized and unreal Other under the patriarchal dominance of the subsequent period These tsarinas successfully fostered the concept of a modern nation and collective national identity only to then have their power and influence undone in Russian cultural consciousness through the fairy tales operas of the 19th century that positioned tsarinas as magical and dangerous figures rightfully displaced and conquered by triumphant heroes on the stage and by the new patriarchal rulers in the state Ultimately this book demonstrates that the theater served as an experimental space for these imperial women in which they rehearsed probed and formulated gender and class roles and performed on the musical stage political ambitions and international conquests which they would later enact on the world stage itself Bibliographic Guide to Soviet and East European Studies, 1992 G. K. Hall and Co. Staff, 1993-06 **Irish Slavonic Studies** .1993 Dehexing Sex Helena Goscilo, 2025-10-01 Glasnost and the collapse of the Soviet Union revolutionized Russian society What effects however did they have on the status role and image of women in Russian culture Examining the past turbulent decade of transition to democracy and a market economy Dehexing Sex traces the ways in which Russia's concept of womanhood both changed and remained the same taking into account dominant ideologies and social philosophies sociopolitical organizations women s writings literary criticism film and popular cultural forms such as pornography The lively engaging chapters of this book examine texts by contemporary women writers in the

context of the political social economic biological psychological and aesthetic transformations that helped define them Goscilo reveals that the Russian cultural revolution has reshaped the female image in varied and often contradictory ways While increased interaction with the West fostered gender awareness it also introduced imported Western sexist practices especially the exploitation of female bodies formerly proscribed by a puritanical censorship Popular magazines newspapers and television propagated the image of woman as mother ornament and sexual object even as women s fiction conceived of womanhood in complex psychological terms that undermined the gender stereotypes which had ruled Soviet thinking for more than 70 years With the aid of feminist and cultural theory Dehexing Sex investigates the overt and internalized misogyny that combined with the genuinely liberalizing forces unleashed by Gorbachev's policy of glasnost and perestroika It exposes Russia's repressive romance with womanhood as a metaphor for nationhood and explores Russian women's ironic recasting of national mythologies Impressive an important contribution to Russian studies and to women's studies The author is an outstanding scholar an energetic and original thinker and her writing sparkles with imagination and wit Stephanie Sandler Amherst College Helena Goscilo is Associate Professor and Chair of Slavic Languages and Literatures University of Pittsburgh Toxic Voices Eric Laursen, 2013-01-30 Introduction Scrounging in the Soviet garbage pit Writing a precarious balance He does not love us when we are dirty Things that should not be found Lost in translation Conclusion Writers forward Russian Studies in Literature ,2003 **Andrei Bitov** Ellen Chances, 1993-11-11 This is the first book on Andrei Bitov one of contemporary Russia's most original writers It plots his evolution from his early publications of the post Stalin years to his mature masterpieces of the glasnost era Ellen Chances assesses his place both in the Russian literary tradition from Pushkin onwards and as part of a broader international cultural heritage including Dickens Fellini and Proust She explores his themes from the psychological effects of Stalin on Soviet society to universal questions such as the human being s relationship with nature history and culture and discovers in his deeply philosophical and intensely psychological writings an innovative methodology ecological prose that goes beyond modernist and post modernist fragmentation in search of the wholeness of life Politics and the Novel During the Cold War David Caute, 2017-09-08 David Cautes wide ranging study examines how outstanding novelists of the Cold War era conveyed the major issues of contemporary politics and history In the United States and Western Europe the political novel flourished in the 1930s and 1940s the crisis years of economic depression fascism the Spanish Civil War the consolidation of Stalinism and the Second World War Starting with the high hopes generated by the Spanish Civil War Caute then explores the god that failed pessimism that overtook the Western political novel in the 1940s The writers under scrutiny include Hemingway Dos Passos Orwell Koestler Malraux Serge Greene de Beauvoir and Sartre Strikingly different approaches to the burning issues of the time are found among orthodox Soviet novelists such as Sholokhov Fadeyev Kochetov and Pavlenko Soviet official culture continued to choke on modernism formalism satire and allegory In Russia and Eastern Europe dissident novelists offered contesting voices as they
