komunistick ho syst mu a n sledn mu rozpadu Sov tsk ho svazu **Socialism in Russia** J. Gooding, 2001-12-03 This book asks three fundamental questions about the socialist experiment in twentieth century Russia How did Marxist ideas come to be implemented in Russia a country entirely unsuited to them Why did the experiment lead to such suffering and upheaval and prove so fruitless And why did the attempt to return to a proper Marxism Leninism bring about the rapid collapse of the experiment In its answers this book pays special attention to the shadow cast by Lenin throughout the entire Soviet era

Ideology and the Collapse of the Soviet System Neil Robinson, 1995-01-01 this is an excellent book which sheds considerable light upon the role of ideology particularly in the last years of the Soviet Union Graeme Gill Europe Asia Studies this work is a serious attempt to bring ideology back into discussions about the end of the Soviet Union Bartholomew Goldyn Slovo This innovative book offers a critical history of the development of Soviet ideology discussing its centrality to Soviet politics and the destructive effect that it had on the Gorbachev reforms Neil Robinson analyses the nature and historical evolution of Soviet ideology between 1917 and 1985 to demonstrate the structural importance of Soviet ideological discourse and the uncertain place that it allocated to the communist party in the Soviet political system On the basis of this analysis Dr Robinson provides a fresh interpretation of Gorbachev's political reforms He describes the ideological dynamic that underwrote the development of perestroika how Gorbachev's ideas on democratization sent contradictory messages to the communist party and how this stimulated opposition to perestroika from party cadres and Soviet society **Russia's Road**

to Democracy Victor Sergeyev, 1993-01-01 Russian democracy in the post totalitarian era is intimately bound up with the fate of its representative institutions In Russia s Road to Democracy Victor Sergeyev and Nikolai Biryukov assess why the Congress of People s Deputies and the other newly elected institutions founded under perestroika not only failed to prevent but also seemed to speed up and provoke the disintegration of the Soviet Union By studying the early history of the Congress

the book seeks insights on the prospects for democracy in Russia Following an inquiry into the roots of Soviet political culture and the implications for future representative institutions the book then examines the genesis of the Congress of People s Deputies and attempts a hermeneutical reconstruction of the deputies models of social reality as expressed in the texts of their parliamentary debates The authors argue that the adoption of the concept of sobornost a belief in society s organic unity as the basic model for this institution proved utterly inadequate to the challenges the country faced Including substantial new source material which is being made available in English for the first time *Russia's Road to Democracy* presents an in depth analysis with conclusions that contradict the hitherto prevailing theoretical assumptions Russia's Bitter Path to Modernity Alexander Chubarov,2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states *Scholars of Bohemian, Czech and Czechoslovak History Studies: A-I* Jaroslav Pánek,Svatava Raková,Václava Horčáková,2005 **Reinterpreting Russia** Steve D. Boilard,1997-03-27 Attempts to advance the understanding of Russia by listing categorizing and describing some 600 recent books concerning Russia the Soviet Union and the post Soviet Russian Federation All books included were published between 1991 and 1996 inclusive The Dialectics of Small States Asbed Kotchikian,2008 This book focuses on the foreign policy making processes in Armenia and Georgia in the 1990 2006 period but it also aims to survey examine and critique the literature pertaining to the theory of small states by examining the way small states conduct foreign policy and adapt to changing international political systems In four separate sections the book analyzes the various concepts related to small states Then it examines the political realities in the South Caucasus during the post Cold War era after which it focuses on the attempts of Armenia and Georgia to assert statehood and independence through foreign policy that is bound by limited political and military power Finally a discussion of Armenian Georgian bilateral relations addresses the dynamics of small state interaction with each other subsequently arguing that Real Polity and the burden of history hold Armenian and

Georgian foreign policies hostage between them In sum the book offers an insight in understanding the perceptions that these two nations have towards various issues such as Western integration or relations with Russia and contributes to the larger understanding of societies in transition *The Collapse of the Soviet Union, 1985-1991* David R. Marples, 2016-09-17 Why did the Soviet Union collapse in 1991 The collapse of the Soviet Union has widely been seen as the result of the arms race and Cold War and the failure of the Soviet side to keep pace with new technology This book argues that the disintegration was mainly a result of two interrelated factors the rise of the Soviet national republics and the manipulation of the new Russian presidency by Boris Yeltsin in what became a direct power struggle between Yeltsin and the Soviet leader Gorbachev Written in a clear and accessible manner the book provides an explanation of how the national question came to dominate Soviet politics by 1990 1 analysis of the economic crisis that occurred in the late 1980s a chapter devoted to the year 1991 from the referendum to reform the Soviet Union to the unforeseen dissolution of the country by December a discussion of the personalities of and political confrontation between the two key statesman Gorbachev and Yeltsin Also containing a Chronology Glossary and Who's Who of key figures *The Collapse of the Soviet Union* is essential reading for students of twentieth century European history **American Book Publishing Record**, 1996 **Bibliographie Internationale de Science Politique**, 1996 *The Gorbachev Bibliography, 1985-1991* Joseph L. Wiczynski, 1996 *The Rebirth of Politics in Russia* Michael E. Urban, Vyacheslav Igrunov, 1997-03-28 Blending first hand accounts of grassroots politics with an original theory of social relations under communism this 1997 book seeks to explain one of the seminal events of this century the rebirth of politics in Russia amid the collapse of the USSR The authors trace the process from the pre political period of dissident activity through perestroika and the appearance of political groups and publications elections the formation of political parties and mass movements counter revolution and coup d'état the victory of democratic forces and the organization of a Russian state to the struggle of power in the post communist epoch the violent end of the first republic and the contentious relations engulfing its successor By focusing on the popular forces which accomplished Russia's political rebirth rather than the reforms of the Soviet establishment this book offers an original perspective on this critical period

Encyclopedia of the United Nations and International Agreements: N to S Edmund Jan Osmańczyk, 2003 This thoroughly revised and updated edition is the most comprehensive and detailed reference ever published on United Nations The book demystifies the complex workings of the world's most important and influential international body *Designs for Democratic Stability* Abdo I. Baaklini, Helen Desfosses, 2016-06-16 Since the 1980s and the collapse of communist military and race based regimes across the world the euphoria has given way to the question of how to enhance the viability of democratic constitutional government This text covers this issue *Globalisation, Freedom and the Media after Communism* Birgit Beumers, Stephen Hutchings, Natalia Rulyova, 2013-10-18 This book examines the fate of post Soviet press freedom and media culture in the context of the growing impact of globalisation To understand the complicated situation that has arisen

with respect to these issues in post Soviet space is impossible without collaboration between political scientists sociologists cultural analysts media studies researchers and media practitioners The book is one of the first attempts to bridge the gaps between political and cultural studies approaches between textual analysis and audience research as well as between practitioner led and scholarly approaches to the post Soviet media The cumulative impact of the essays contained in this section is to reinforce the intuition which inspired it that the post Soviet media remain a highly heterogeneous complex and dynamic field for investigation With contributions from scholars and journalists across Europe including the former Soviet Union the collection addresses such issues as censorship and elections the legacy of the Soviet past terrorism and the media the post Soviet business press advertising and nation building official press discourse and entrepreneurship and global formats on Russian television This book was originally published as a special issue of Europe Asia Studies

Russia after the Cold War Mike Bowker, 2014-06-17 In Russia after the Cold War the editors provide an accessible and comprehensive survey of the state of Russia at the end of the twentieth century as it seeks to come to terms with its new status in the world community the pressures and tensions arising from economic and social change and with the problems of ensuring a democratic future Written by a specially commissioned team of internationally respected experts on contemporary Russia Russia after the Cold War is ideally suited as a main text for introductory courses on modern Russia within a politics Area Studies or combined social science degree Contributors Alexei Avtonomov Edwin Bacon John Berryman Christoph Bluth Michael Cox Nadia Davidova Mark Galeotti James Hughes Roger E Kanet Julie A Lund Nick Manning Andrew Patmore Anthony Phillips Richard Sakwa Peter Shearman Mark Webber Stephen Webber Stephen White Matthew Wyman

Bowker's Best Reference Books: Author index. Title index , 2005 Contains approximately 20 000 mostly English language sources for academic libraries of all sizes
