Soviet Public Opinion and Ideology Vladimir Shlapentokh, 1986-11-07 This is the first book to view Soviet ideology and public opinion from the perspective of Soviet mythology The author puts forth the idea that mythology in Soviet life is one of the most important variables determining the path of Soviet history and examines how Soviet society adjusts to the important role of mythology in its life In this connection the author introduces the concept of a party ideology as it differs from public ideology Original and provocative *Soviet Public Opinion and Ideology* is an enlightening work for sociologists political scientists social psychologists and experts on the Soviet Union

The Public Opinion Process Irving Crespi, 2013-11-05 What is public opinion How can we best study it This work presents a process model that answers these questions by defining public opinion in a way that also identifies an approach to studying it The model serves as a framework into which the findings of empirical research are integrated producing a comprehensive understanding of public opinion that encompasses the congeries of middle range theories that have emerged from empirical research The three dimensional process model and the way it is explicated satisfies the diverse and sometimes divergent needs and interests of political scientists sociologists social psychologists and communication specialists who study public opinion This is achieved by clearly differentiating and interrelating the following individual opinions the judgmental outcomes of a process in which attitudinal systems comprised of beliefs values interests and feelings function as intervening variables that direct and structure perceptions of public issues collective opinions the outcomes of communication from which mutual awareness emerges and that integrate separate individual opinions into a significant social force and political roles of collective and individual opinions the outcomes of the extent to which collective and individual opinions have achieved legitimacy as the basis for governing a people

DON T USE THIS PARAGRAPH FOR GENERAL CATALOGS Each dimension of the model has its corresponding subprocess transactions between individuals and their environments communications among individuals and collectives and political legitimation of public opinion Since the process model is by definition interactional none of the three dimensions has theoretical or sequential priority over the others Instead of treating the psychological political and sociological aspects of public opinion as separate stages of an unidirectional process the three aspects are modeled as dimensions of a complex ongoing system in continuous interaction with each other This conceptualization

satisfies the need for a truly interdisciplinary theory in that it demands that each dimension be studied in terms of its defining sub process It also avoids the twin errors of reductionism and reification in the study of public opinion *A Normal Totalitarian Society* Vladimir Shlapentokh, 2017-07-05 Shlapentokh undertakes a dispassionate analysis of the ordinary functioning of the Soviet system from Stalin's death through the Soviet collapse and Russia's first post communist decade Without overlooking its repressive character he treats the USSR as a normal system that employed both socialist and nationalist ideologies for the purposes of technological and military modernization preservation of empire and expansion of its geopolitical power Foregoing the projection of Western norms and assumptions he seeks to achieve a clearer understanding of a civilization that has perplexed its critics and its champions alike **Problems of Communism**, 1989

inequality **The Return of Ideology** Cheng Chen, 2016-07-06 As Russia and China leave communism behind they struggle to forge a new political ideology for a new era Ideology and Meaning-Making under the Putin Regime Marlene Laruelle, 2025-01-14 Much has been written to try to understand the ideological characteristics of the current Russian government as well as what is happening inside the mind of Vladimir Putin Refusing pundits clichés that depict the Russian regime as either a cynical kleptocracy or the product of Putin's grand Machiavellian designs *Ideology and Meaning Making under the Putin Regime* offers a critical genealogy of ideology in Russia today Marlene Laruelle provides an innovative multi method analysis of the Russian regime's ideological production process and the ways it is operationalized in both domestic and foreign policies *Ideology and Meaning Making under the Putin Regime* reclaims the study of ideology as an unavoidable component of the tools we use to render the world intelligible and represents a significant contribution to the scholarly debate on the interaction between ideas and policy decisions By placing the current Russian regime into a broader context of different strains of strategic culture ideological interest groups and intellectual history this book gives readers key insights into how the Russo Ukrainian War became possible and the role ideology played in enabling it *Assault on Ideology* James F. Pontuso, 2004-01-01 In this new paperback edition of *Assault on Ideology* Aleksandr Solzhenitsyn's Political Thought author James F Pontuso showcases the titanic thought that understood Marxism to be a vain and ultimately merciless effort to fulfill the Enlightenment dream of fully conquering and exploiting nature in order to establish a perfect and just society on earth **Translations from Kommunist**, 1968 *In the Shadows of the Kremlin and the White House* Charles Quist-Adade, 2001 *In the Shadows of the Kremlin and the White House* provides the first comparative study of the Soviet Russian and Western press coverage of Africa It analyzes Africa's image in the ex Soviet and Western press by comparing news coverage of Africa in general under the two press systems For this purpose three Soviet publications Pravda Izvestia Novoe Vremya and three Western print media the Daily Telegraph Britain New York Times and Newsweek were content analyzed for a 16 year period 1982 1998 On the Ideological Front Stuart Finkel, 2008-10-01 *On the Ideological Front* centres on the 1922 23 expulsion from Soviet Russia of some 100 prominent intellectuals Finkel's account is a scholarly examination of this which sets it in the context of Bolshevik curbs prohibitions and punishment of intellectuals who resisted ideological conformity **Freedom, Repression, and Private Property in Russia** Vladimir Shlapentokh, Anna Arutunyan, 2013-09-02 This study demonstrates how the emergence of private property and a market economy after the Soviet Union's collapse enabled a degree of freedom while simultaneously supporting authoritarianism Based on case studies Vladimir Shlapentokh and Anna Arutunyan analyze how private property and free markets spawn feudal elements in society These elements are so strong in post Communist Russia that they prevent the formation of a true democratic society while making it impossible to return to totalitarianism The authors describe the resulting Russian society as having three types of social organization authoritarian feudal and liberal The authors examine the adaptation of Soviet era institutions like security

forces the police and the army to free market conditions and how they generated corruption the belief that the KGB was relatively free from corruption how large property holdings merge with power and necessitate repression and how property relations affect government management and suppression

Economic Transition and Political Legitimacy in Post-Mao China Feng Chen, Feng Chen, 1995-01-01 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China's policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China's political development

Ideology and Mass Killing Jonathan Leader Maynard, 2022 Ideology and Mass Killing offers the first dedicated study of the role of radical ideologies in different kinds of mass killing such as genocides large scale war crimes and campaigns of state terror

The Ideological Cold War Johanna Rainio-Niemi, 2014-02-05 This book opens new perspectives into the Cold War ideological confrontations Using Austria and Finland as an example it shows how the Cold War battles for the hearts and minds of the people also influenced policies in countries that wished to stay outside the conflict Following the model of older European neutrals Austria and Finland sought to combine neutrality with democracy The combination was eagerly challenged by ideological Cold Warriors on both sides of the divide and questioned at home too Was neutrality risking the neutrals commitment to democracy or did the commitment to the western type of democracy threaten their commitment to neutrality Confronting these doubts grew into an organic part of practicing neutrality in the Cold War world The neutrals needed to be exceptionally clear regarding the ideological foundations of their neutrality Successful neutrality required a great deal of conceptual consistence and domestic unanimity None of this was pre given in Austria or Finland However in the model of Switzerland and Sweden armed neutrality was systematically integrated with the official state ideology and promoted as a part of national identity Legacies of these policies outlived the end of the Cold War

Consequences Timothy Buchanan, 2010-11-30 In 1948 philosopher Richard Weaver argued that ideas have consequences This book explores three diverse consequences flowing from one ideacommunism In Soviet Russia the idea became dogma a type of secular religion The Soviet Secular Religion skewed all the efforts of central planners in a pre determined direction with debilitating effects from the reign of Lenin to Stalin and Brezhnev SSR empowered Mikhail Gorbachev in his attempts at reform even while it constrained those efforts and blinded him to the unfolding collapse of the system Formed soon after the Bolshevik Revolution the Communist Party of India had its own theoreticians and leaders and a diversity of opinions But their reliance on Moscow's authority to maintain consensus

meant for them dependence in short the CPI became a pawn of the Kremlin Russian interests often conflicted with those of South Asia confounding the CPI's chances for success Moreover the People's Republic of China promoted competing ideas and the Moscow Peking split prompted a mirroring and fatal schism within the CPI In the United States anti communism fueled Containment the Cold War paradigm The most dangerous aspect of this conflict of ideas a threat that was truly existential was always The Bomb or rather tens of thousands of them American nuclear policy may be divided into three eras In the 1940s and 50s anti communist ideology dominated political discourse and the U S sought a preponderance in arms Around 1960 rationality became the vogue ushering in the era of Detente Finally ideology returned with the election of 1980 shaping policies that helped end the long confrontation of ideas Where Soviet dogma obsessed over production the American Ideology is engrossed with consumption The book's afterword argues that American economic planners are unconsciously biased in a manner similar if antipodal to that of Soviet economists Something like a Gorbachev moment where skewed indicators show progress even as the system collapses is not impossible for the United States
