Performative Inter-Actions in African Theatre 1 Kene Igweonu, Osita Okagbue, 2014-01-14 This book is part of a three-volume book set published under the general title of Performative Inter-Actions in African Theatre. Each of the three books in the set has a unique subtitle that works to better focus its content and differentiates it from the other two volumes. The contributors' backgrounds and global spread adequately reflect the international focus of the three books that make up the collection. The contributions in their various ways demonstrate the many advances and ingenious solutions adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one-sided advance of globalisation. The contributions attest to the thriving nature of African theatre and performance, which in the face of these challenges has managed to retain its distinctiveness while at the same time acknowledging, contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African. Consequently, the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora.

Performative Inter-Actions in African Theatre 1 Diaspora Representations and the Interweaving of Cultures explores the idea that in and from their various locations around the world, the plays of the African diaspora acknowledge and pay homage to the cultures of home while simultaneously articulating a sense of their Africanness in their various inter-actions with their host cultures. Contributions in Diaspora Representations and the Interweaving of Cultures equally attest to the notion that the diaspora, as we see it, is not solely located outside of the African continent itself but can be found in those performances in the continent that engage performatively with the West and other parts of the world in that process of articulating identity.

The Aesthetic Cold War Peter J. Kalliney, 2024-12-10 How decolonization and the cold war influenced literature from Africa Asia and the Caribbean How did superpower competition and the cold war affect writers in the decolonizing world In *The Aesthetic Cold War* Peter Kalliney explores the various ways that rival states used cultural diplomacy and the political police to influence writers In response many writers from Africa Asia and the Caribbean such as Chinua Achebe Mulk Raj Anand Eileen Chang C L R James Alex La Guma Doris Lessing Ng g wa Thiong o and Wole Soyinka carved out a vibrant conceptual space of aesthetic nonalignment imagining a different and freer future for their work Kalliney looks at how the United States and the Soviet Union in an effort to court writers funded international conferences arts centers book and magazine publishing literary prizes and radio programming International spy networks however subjected these same writers to surveillance and intimidation by tracking their movements tapping their phones reading their mail and censoring or banning their work Writers from the global south also suffered travel restrictions deportations imprisonment and even death at the hands of government agents Although conventional wisdom suggests that cold war pressures stunted the development of postcolonial literature Kalliney s extensive archival research shows that evenly balanced superpower competition allowed savvy writers to accept patronage without pledging loyalty to specific political blocs Likewise writers exploited rivalries and the emerging discourse of human rights to contest the attentions of the political police A revisionist account of superpower involvement in literature *The Aesthetic Cold War* considers how politics shaped literary production in the twentieth century

discusses how contemporary African reworkings of Greek tragedies invite us to reconsider how we think about the genre of tragedy and about the cultural process of adaptation Against George Steiner's famous claim that tragedy has died this book demonstrates that Greek tragedy holds relevance today But it also reveals that adaptations do more than simply keeping the texts they draw on alive through adaptation playwrights open up a space for politics In this dynamic between adaptation and pre-text the politics of adaptation is performed European-language Writing in Sub-Saharan Africa Albert S. Abadie, 2010-11-12 Today debates about globalization raise both hopes and fears. But what about during William Faulkner's time? Was he aware of worldwide cultural historical and economic developments? Just how interested was Faulkner in the global scheme of things? The contributors to *Global Faulkner* suggest that a global context is helpful for recognizing the broader international meanings of Faulkner's celebrated regional landscape. Several scholars address how the flow of capital from the time of slavery through the Cold War period in his fiction links Faulkner's South with the larger world. Other authors explore the literary similarities that connect Faulkner's South to Latin America Africa Spain Japan and the Caribbean. In essays by scholars from around the world Faulkner emerges in trans Atlantic and trans Pacific contexts in a pan Caribbean world and in the space of the Middle Passage and the African Atlantic. The Nobel laureate's fiction is linked to that of such writers as Gabriel Garcia Marquez Wole Soyinka Miguel de Cervantes and Kenji Nakagami. **Scars of Conquest/masks of Resistance** Tejumola Olaniyan, 1995 Examining in detail the dramas of Baraka Soyinka Walcott and Shange this study describes how these black writers are preoccupied with the invention of a postimperial cultural identity.
