## **Soziologie Der Jesusbewegung:**

Soziologie der Jesusbewegung Gerd Theissen, 1976      Soziologie der Jesusbewegung Gerd Theissen, 1997      **Handbook for the Study of the Historical Jesus (4 Vols)** Tom Holmén, Stanley E. Porter, 2011 V 1 How to study the historical Jesus v 2 The study of Jesus v 3 The historical Jesus v 4 Individual studies      **The Logic of Love** Ruben Zimmermann, 2018-09-15

The goal of the present study unfolds in the following four ways First in analyzing Pauline writings primarily Paul's First Letter to the Corinthians it can be demonstrated that the Apostle can be described as an ethicist The hypothesis operative here is that in the sources despite their occasional and situational character and their epistolary form one can recognize a coherent system of grounds for behavior i.e. ethics I call this recognizable ethics implicit ethics Secondly this work pursues an explicit ethical interpretation of Paul's writings What does it mean to read these texts through an ethical lens I here offer an approach with which one can decipher the ethical content of a historical text This methodology for ethical analysis so called organon is not only applicable to Paul's writings but can also provide an impetus for the ethical interpretation of other NT texts and even for the literature of early Christianity and the Bible more generally The variety of forms and the complexity of the reflection in Paul's letters can in a third point enrich the discourse of theological ethics It will be seen that the rationale for his ethics is pluralistic and simply cannot be described in a one-sided manner as simply being a deontological ethics of norms Along these lines a fourth element is found in stimulating interdisciplinary debates concerning ethics If one is able to examine and describe the norms and grounds of justification in Biblical ethics using the language and forms of description utilized in modern ethical theory biblical ethics could once again gain a voice that can be taken seriously in the modern discussion of values The point is not to have Scripture per se join the discussion but for these texts to function as a laboratory Paul Ricoeur in which ethical speech and thought relevant for contemporary concerns can be inspired and encouraged In a concluding chapter this dialogue is already started by describing specific aspects of Pauline ethics against the background or moral philosophical debate e.g. bodily ethics beyond hedonism ethics of relinquishing beyond contractual ethics or ethics of love beyond Eudaimonian ethics

**Cynicism and Christianity in Antiquity** Marie-Odile Goulet-Cazé, 2019-08-20 Was Jesus a Cynic Cynicism and Christianity in Antiquity is a literary tour de force analyzing and refuting the hypothesis that Jesus was a Cynic Marie Odile Goulet Caz examines the arguments submitted by some New Testament scholars who believe that Jesus and his disciples were influenced by the ethics and social behaviors of itinerant Cynic preachers In examining the Cynic Jesus hypothesis Goulet Caz offers a reliable accessible and fully documented summary of Cynicism and its ideas from Diogenes to the Imperial Period and she investigates the extent and nature of contact between Cynics and Jewish people especially between 100 BCE and 100 CE While recognizing similarities between the ideas and morals of ancient Cynicism and those evident in early Christian movements Goulet Caz identifies more significant fundamental differences between them in culture theology and worldview

**Commission Narratives** István Czachesz,2007 Commission Narratives is based on the author s doctoral dissertation in Groningen 2002 The monograph offers the first overarching comparative treatment of commission narratives

in the canonical and apocryphal Acts of the Apostles analysing them in their ancient literary setting Following a survey of this widespread narrative theme in the cultural environment of early Christianity Czachesz establishes a threefold social typology of divine commission institutional prophetic and philosophical and explores the occurrences of the three types in the canonical and apocryphal Acts The central chapters of the book provide a close reading of the textual evidence investigating intertextual relations the function of commission in the narrative structure and the biographical models of self definition that commission stories offered to the ancient readers in their changing social and ecclesiastical environments Based on this textual analysis Czachesz makes new proposals about the reconstruction Sitz im Leben and dating of several apocryphal Acts Finally he examines the synchronic structure of commission showing that the variety of commission narratives emerges from a constant set of motifs that are generated by interactions among the characters

Philippi — Stadt und Christengemeinde zur Zeit des Paulus Lukas Bormann, 2014-04-09 The Roman colony of Philippi is the site upon which Paul founded his first European congregation There he encountered a political entity which bore the stamp of Roman culture through and through Part I describes Philippi's political and religious situation based on numismatic epigraphical archaeological and literary sources Part II reconstructs the relationship between Paul the congregation and the city of Philippi and demonstrates the influence which the Roman environment exerted on the church's organization and preaching The work reaches the conclusion that the Philippean community assumed an active and self confident role in implementing its mission In so doing it clashed with the Roman authorities and their insistence upon a religious praxis that did not call into question the principles or existence of the Roman State The book contributes to the interpretation of the Epistle to the Philippians as well as to the history of early Christianity and the history of Religions during the first century

On This Rock E. A. Judge, 2020-10-15 The command of the risen Christ was to make students of all nations On this Rock I will build But the spread of the Pentecostal gospel disrupted the national values of eternal Rome with her increasingly international citizenship Loyalty to the Caesars obligatory in the Roman world could not break the Christians trust in their Christ In despair the government gave in to the unimaginable Galerius tolerated the Christian

alternative communities and their divergent outlook on life One must now tolerate living in two incommensurate communities at once This is at the heart of Late Antiquity The Rock remains but masked in the antique ceremonial of religion That late antique compromise has laid the foundation for the interaction of church and state in the modern West Successor to Paul and the Conflict of Cultures 2019 this seventh collection of Judge s historical essays explores the development of Christianity in Roman society from the New Testament era to the time of Constantine and beyond always with a view to the modern situation

**Stones, Bones, and the Sacred** Alan H. Cadwallader, 2016-12-16 A crucial text for any university course on the interaction of archaeology and the Bible The world of early Christians was not a world lived in texts it was a world saturated with material reality and concerns what where and when to eat or drink how to present oneself in the space of bodily life and that of death how to move from one place to another what impacted status or the adjudication of legal charges All these and more controlled so much of life in the ancient world The Christians were not immune from the impact of these realities Sometimes they absorbed their surrounds sometimes they quite explicitly rejected the material practices bearing in on them frequently they modified the practice and the rationale to create a significant Christian alternative The collection of essays in this volume come from a range of international scholars who for all their different interests and critical commitments are yet united in treasuring research into the Greek and Roman worlds in which Christians sought to make their way They offer these essays in honor of one who has made a lifetime s work in mining ancient material culture to extract nuggets of insight into early Christian dining practices Dennis E Smith Features Rich examples of method in the utilization of ancient material culture for biblical interpretation Thirteen essays with a response from Dennis E Smith Maps diagrams and plates

The Social Setting of Pauline Christianity Gerd Theissen, 2004-09-21 Recent emphasis on the social matrix out of which the early church s documents arose marks a notable turn in the path of contemporary New Testament studies Although the terms goals and procedures of scholars vary considerably there is widespread agreement that much of the interesting and innovative work in the field is that of Gerd Theissen Four of his most formidable and sustained contributions treat Paul s correspondence with the Christian community at Corinth Together these four essays provide a composite picture of the social stratification at this ancient urban center and of the concrete organizational and ethical problems that that stratification engendered for the Christians common life A fifth essay helps to focus the critical questions of methodology that arise whenever one approaches ancient religious texts for information on issues which to the texts themselves are of peripheral concern A lucid introduction by the translator and a helpful bibliography of the author s major writings round out this significant exploration and interpretation of the social world of early Christianity

*Latro und Eremit* Karl-Heinz Steinmetz, 2014-08-19 Die Anregung

zu diesem Buch verdankt sich einem erstaunlichen Textbefund Wer die klassischen Texte des Mönch und Eremitentums sowie der Bettelorden oder spätantike und mittelalterliche Heiligenlegenden aufmerksam liest stößt immer wieder auf latrones auf outlaws die mit Eremiten Mönchen und Brüdern sowie mit der Gesellschaft insgesamt interagieren und sie provozieren Die Tatsache dass dieses latro Motiv schon im Alten Testaments begegnet und Jesus auf Golgotha zwischen zwei latrones hingerichtet wird macht es mehr als unwahrscheinlich dass es sich bei diesem Motiv lediglich um ein rhetorisches Zubehör theologischer Texte handelt Das Motiv entpuppt sich bei genauem Hinsehen als eine theologische Schnittstelle auf der die Freiheitsbegabung des Menschen narrativ entfaltet wird Der spiritualitätsgeschichtliche Rundgang der Habilitationsschrift untersucht latrologische Themen des Alten und Neuen Testaments der anachoretischen Bewegung des Ostens und des frühen Mittelalters er widmet sich dem Reformmönchtum sowie der mendikantischen Lebensform er berücksichtigt die mittelalterliche Ikonographie er nimmt latrologische Orte wie Gefängnisse Leprosorien Friedhöfe und Eremitenzellen in Augenschein Als Ertrag der Arbeit darf man festhalten Die latro Eremiten Texte sind ein Spiegel der Ambivalenz menschlicher Freiheit in ihrer destruktiven Gefährdung latro Existenz und in ihrem eschatologisch begründeten Gelingen
