Space Winners Gordon R. Dickson, 2013-12-18 Stranded on the Quarantined World of Quebahr the first high school students selected to leave Earth for study in the Galactic Federation must overcome their lack of training and learn to adapt and survive Reprint *Winning* Francesco Duina, 2013-08-25 Why winning doesn't always lead to happiness Most of us are taught from a young age to be winners and avoid being losers But what does it mean to win or lose And why do we care so much Does winning make us happy *Winning* undertakes an unprecedented investigation of winning and losing in American society what we are really after as we struggle to win our collective beliefs about winners and losers and much more Francesco Duina argues that victory and loss are not endpoints or final destinations but gateways to something of immense importance to us the affirmation of our place in the world But Duina also shows that competition is unlikely to provide us with the answers we need *Winning* and losing are artificial and logically flawed concepts that put us at odds with the world around us and ultimately ourselves Duina explores the social and psychological effects of the language of competition in American culture Primarily concerned with our shared obsessions about winning and losing *Winning* proposes a new mind set for how we can pursue our dreams and in a more satisfying way find our proper place in the world *NASA Activities*, 1988 **NASA/NSTA Space Science Student Involvement Program**, 1996 *Report to Educators*, 1981 Aviation Week and Space Technology, 1928 Includes a mid December issue called Buyer guide edition NASA Activities U.S. National Aeronautics and Space Administration, 1975 **Sci-Fi Ultimate Collection: 160+ Space Adventures, Lost Worlds, Dystopian Novels & Post-Apocalyptic Tales** H.
