provides an alternative to neo Calvinism and Westminster Calvinism alike Did Jesus Rise from the Dead? Matthew Levering, 2019-02-21 The Resurrection of Jesus is at the very root of Christian faith without belief in Jesus Christianity dies In this thought provoking work Matthew Levering defends the credibility of the claim that Jesus rose from the dead Drawing on the work of N T Wright Levering shows that the historical evidence vindicates this assumption and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels The author also emphasises the importance of evaluating the Old Testament to validate Jesus Resurrection By highlighting the desire both in the ancient world and now to make the Resurrection more comprehensible by spiritualizing it Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability Finally the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism However he shows that Jesus entire mission is predicated upon helping us to avoid cleaving to the present world over God He is leading us to where he is the kingdom of God the beginning of the new creation at the Father s right hand By developing these arguments for the historical reality of Jesus Resurrection this ground breaking study expertly draws together historical and theological reasons for believing that Jesus Resurrection happened **The Physics and**

to experienced scholars in the field **A Critical Study on T. F. Torrance's Theology of Incarnation** Man Kei Ho, 2008
This book analyses T F Torrance's theology of incarnation. His theology is built upon several crucial presuppositions. This book examines these presuppositions and their role within the framework of Torrance's theology. It explores its unitary structure by analyzing his fundamental methods in hermeneutics, dialectics, natural theology, and natural science. In particular, the study addresses the internal incoherence, inconsistency, and seemingly paradoxical nature of his writings, such as the integration of dualistic ideas into a unitary theological structure, and highlights the impact of Barthian theology on his theological formulation. *Jesus, Paul and the People of God* Nicholas Perrin, Richard B. Hays, 2011-02-09
At the 2010 Wheaton Theology Conference, leading New Testament scholar N T Wright and nine other prominent biblical scholars and theologians gathered to consider Wright's prolific body of work.
