Lach,2010-01-15 This is the second volume in a series that traces century by century the role of Asia in the making of Europe The rise to world dominance of the Western nations in modern times and the rapid industrial growth of the West which outpaced the East in technical and military achievements have led to a historical eclipse of the ancient and brilliant cultures of Asia Historian Donald F Lach in his influential scholarly work *Asia in the Making of Europe* points out that an eclipse is never permanent that this one was never total and that there was a period in early modern times when Asia and Europe were close rivals in brilliance and mutual influence **Patio Gardens** Helen Morgenthau Fox,1929 **Bulletin of the New York Public Library** New York Public Library,1927 **Christian Spain and Portugal in the Early Middle Ages** Wendy Davies,2019-12-06 A collection of papers in English by one of the foremost historians of the social and economic structure of medieval rural communities who here examines local societies in rural northern Spain and Portugal in the early middle ages Principal themes are scribal practice and the analysis of charter texts gift sale and wealth justice and judicial procedures Always with a concern for personal relationships and interactions for mobility for decision making and for practice a sense of

land and landscape runs throughout The Spanish and Portuguese experience has seemed irrelevant to the great debates of early medieval European history that occupy historians But Spain and Portugal shared the late Roman heritage which influenced much of western Europe in the early middle ages and by the tenth century records and practice in Christian Iberia still shared features with the Carolingian world This book offers a substantial corpus of Iberian evidence to set beside Frankish Italian English and Scandinavian material and thereby makes it possible for northern Iberia to play a part in these great debates of medieval European history CS1084 *House & Garden*, 1918 *Through Spain and Portugal* Ernest C. Peixotto, 1922 **Gardens of the Iberian Peninsula** Nadja Horsch, Michael Scholz-Hänsel, Marta Oliveira Sonius, 2023-11-22 In garden research Spanish and Portuguese green spaces are scarcely visible This is a striking contrast not only to their diversity and quality but also to the global network of both countries especially during the Early Modern period To counterbalance this specialists from Spain Portugal and Germany gathered in 2021 on an international and interdisciplinary conference In the Portuguese Palace of Queluz they discussed the fundamental issues of garden art on the Iberian Peninsula Their contributions are collected in this book They are proof of a cross border transcultural approach which has freed itself from national stereotypes Also it addresses insights which have been derived from the cultural interaction across the centuries and the different epochs of garden art **Historical Dictionary of Portugal** Douglas L. Wheeler, Walter C. Opello Jr., 2010-05-10 Portugal is a small Western European nation with a large distinctive past replete with both triumph and tragedy One of the continent's oldest nation states Portugal has frontiers that are essentially unchanged since the late 14th century The country's unique character and 850 year history as an independent state present several curious paradoxes As of 1974 when much of the remainder of the Portuguese overseas empire was decolonized Portuguese society appeared to be the most ethnically homogeneous of the two Iberian states and of much of Europe This in spite of the fact that Portuguese society had received during 2 000 years of infusions of other ethnic groups in invasions and immigration Phoenicians Greeks Celts Romans Suevi Visigoths Muslims Arab and Berber Jews Italians Flemings Burgundian French black Africans and Asians Indeed Portugal has been a crossroads despite its relative isolation in the western corner of the Iberian Peninsula between the West and North Africa Tropical Africa and Asia and America Since 1974 Portugal's society has become less homogeneous as there has been significant immigration of former subjects from her erstwhile overseas empire The third edition of Historical Dictionary of Portugal greatly expands on the second edition through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects *Book Review Digest*, 1927 **A Grand Tour of Gardens** Anne Sinkler Whaley LeClercq, 2012-07-23 From Italy to Switzerland Germany to Spain and Philadelphia to New Orleans Anne Sinkler Whaley LeClercq describes the beauty of different historic gardens in this collection of essays A Grand Tour of Gardens Traveling in Beauty through Western Europe and the United States showcases
