Spanish Tiger Roy Heman Chant,1983 Flying Tiger Ulrich Krotz,2011-07 Ulrich Krotz s Flying Tiger takes a relatively obscure episode the joint Franco German production of a very expensive military helicopter the Tiger helicopter to make a groundbreaking theoretical contribution to international relations scholarship *Spanish Carlism and Polish Nationalism* Marek Jan Chodakiewicz,John Radzilowski, While both Spain and Poland developed genteel cultures grounded in Catholic religion and experienced periods of growth followed by long decline it is also the case that large differences in political economy and military structures also existed Thus while Spain merely declined in power Poland was partitioned by three powerful and rapacious neighbors The Catholic and conservative elements that have been strong in both Poland and Spain have often been portrayed as obscure nativist and racist and even fascist The purpose of this volume is to move beyond the simplistic vision this created about both countries into a more balanced and careful appraisal of tradition and development Puncturing this stereotype Eugene Genovese wryly notes that as every schoolboy knows Europe s Catholic Right has consisted of reactionaries who began in the service of residual feudal landowners and ended in support of big capital s exploitation and oppression of the masses Still the totalitarian horrors of the twentieth century proved prescient the warnings of the Catholic traditionalist Right about the consequences of radical democracy and cultural nihilism These splendid essays as readable as they are scholarly launch a long overdue assessment of vital political events Ewa Thompson professor of Slavic Studies at Rice University writes The fall of Communism facilitated growth of research in areas previously difficult to access One such area is Polish interest in Spain the history of the Catholic Right in Europe This pioneering volume explores both narratives and succeeds in showing that they are related The similarities have to do with the symmetrical positions of Poland and Spain asfrontiers of Europe against invasions from Islam The present collection of papers explores recent history developing against this background **Buffalo Tiger** Buffalo Tiger,Harry A.
