## **Spartacus Britain Ireland:**

*Spartacus* Mark Nicholson,1996      **Agent Felesoid and the Incident on the 49th Parallel** Llanwoeseth Mardis,2015-02-02 The series continues in the 2030s featuring Spartacus a black cat that becomes part machine after he is micro chipped His newly found skills are used to spy for the British secret service and police Spartacus heads to Afghanistan to fight the Taliban Helping him is a troop of SAS so they can capture the top ten leaders of the Taliban On his return home Spartacus witnesses his sister s first day of attending the Army Cadet Force After he attends several meetings of the ACF with his sister Spartacus is ordered into his father s office and is informed that the Canadian governor general has received an intelligence report from a mole in the CIA His mission is to obtain the details of America s plans to invade Canada With the help of the mole he gains entrance into the Pentagon where he places the plans on the mole s laptop to ensure her loyalties are with Canada His plan is to blackmail the mole by getting her to hand over the plans to a group of Commonwealth spies Spartacus requests permission to patrol the border of the 49th Parallel until he reaches a special place to witness and video record the Incident on the 49th Parallel All the member states of the Commonwealth of Nations declared war on the U S and President Lincoln asked for an armistice after thirty days In a special meeting the USA is reduced to fifteen states      *Colonial, Refugee and Allied Civilians after the First World War* Jacqueline Jenkinson,2020-04-02 Following the First World War and in actions that challenged Britain s reputation as a liberal democracy various government departments implemented policies of mass repatriation from Britain of populations of colonial and friendly migrants and refugees Many of those repatriated had played a significant part in the war effort and had given valuable service in the combat zones and on the home front serving in the armed forces in labour battalions and employed in key wartime industries such as munitions work the merchant navy and wartime construction This book sets out to uncover why central government decided to implement a policy of repatriation of friendly peoples after the war It also explores the imposition of wartime and post war legal restrictions on these groups as part of a major shift in policy towards reducing the settlement and limiting the employment of overseas populations in Britain      **British Spies and Irish Rebels** Paul McMahon,2008 One of the Irish Times Books of the Year 2008 Rebellion partition and a messy peace settlement ensured that Ireland was a constant thorn in Britain s side after 1916 Britain was confronted by the bombs and bullets of militant republicans the clandestine intrigues of foreign powers and the strategic dangers of Ireland s wartime neutrality a final irrevocable step in the country s difficult transition to independence Using newly opened archives this book reveals for the first time how the British intelligence system responded to these threats It lifts the lid on the underground activities of Britain s secret agencies MI5 MI6 SIS and the Special Branch It puts secret intelligence in the context of the government s other sources of information and explores how deep rooted cultural stereotypes distorted intelligence and shaped perceptions And it shows how for decades British intelligence struggled to cope with Ireland but then rose to the challenge after 1940 largely because the Dublin government

began to share its secrets The author casts light on characters long kept in the shadows IRA gunrunners Bolshevik agitators Nazi agents Irish loyalists who acted as British spies His compelling book fills a gap in the history of the British intelligence community and helps explain the twists and turns of Anglo Irish relations during a time of momentous change PAUL MCMAHON gained his PhD from Cambridge University

**A People's History of Classics** Edith Hall, Henry Stead, 2020-02-26 A People's History of Classics explores the influence of the classical past on the lives of working class people whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy in Britain and Ireland from the late 17th to the early 20th century This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working class culture was a Classics Free Zone Making use of diverse sources of information both published and unpublished in archives museums and libraries across the United Kingdom and Ireland Hall and Stead examine the working class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II They analyse a huge volume of data from individuals groups regions and activities in a huge range of sources including memoirs autobiographies Trade Union collections poetry factory archives artefacts and documents in regional museums This allows a deeper understanding not only of the many examples of interaction with the Classics but also what these cultural interactions signified to the working poor from the promise of social advancement to propaganda exploited by the elites to covert and overt class war A People's History of Classics offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland and is a must read not only for classicists but also for students of British and Irish social intellectual and political history in this period Further it brings new historical depth and perspectives to public debates around the future of classical education and should be read by anyone with an interest in educational policy in Britain today
