Herrmann, Carolin Alice Hofmann, Katja Kanzler, Stefan Schubert, Frank Usbeck, 2015-04-22 This volume proposes the poetics of politics as an analytic angle to interrogate contemporary cultural production in the United States As recent scholarship has observed American literature and culture around the turn of the millennium while still deeply informed by the textual self consciousness of postmodernism are marked by a rekindled interest in matters of social concern This revived interest in politics is frequently read as a grand epochal transition Sidestepping such a logic of periodization this book points to the interplay between the textual and the political as a dynamic always locally specific that affords unique insights into the characteristics of the contemporary moment The sixteen case studies in this book explore this interplay across a wide range of media genres and modes Together they make visible a broad cultural concern with negotiating social relevance and textual self awareness that permeates and structures contemporary US popular culture **Part II of Farnham's Travels in the Great Western Praries** Reuben Gold Thwaites, 1966 **Central New York Business Directory** Thomas Hutchinson, 1861 **The Missionary Herald**, 1872 Vols for 1828 1934 contain the Proceedings at large of the American Board of Commissioners for Foreign Missions *Proceedings of the City Council of the City of Minneapolis* Minneapolis (Minn.).
