## **The Gruesome Piccolos:**

**Complete Critical Assembly** David Langford, 2002-10-01 This new collection of essays commissioned from a range of scholars across the world takes as its theme the reception of Rome's greatest poet in a time of profound cultural change. Amid the rise of Christianity the changing status of the city of Rome and the emergence of new governing classes Vergil remained a bedrock of Roman education and identity. This volume considers the different ways in which Vergil was read, understood and appropriated by poets, commentators, Church fathers, orators and historians. The introduction outlines the cultural and historical contexts. Twelve chapters dedicated to individual writers or genres and the contributors make use of a wide range of approaches from contemporary reception theory. An epilogue concludes the volume. Andy Murray, 2017-06-08 Since the earliest days of British television drama scriptwriter Nigel Kneale has been a seminal figure. His Quatermass serials for the BBC were a seismic event in the 1950s before finding international success when adapted by Hammer Films for the big screen. Later TV plays such as *The Road*, *The Stone Tape* and *The Year of the Sex Olympics* skilfully blend elements of science fiction and the ghost story. They remain classics and Kneale himself a great influence on popular culture. Revised and updated this new edition of *Into the Unknown* charts Nigel Kneale's extraordinary career from his childhood on the Isle of Man to his fraught days at the BBC, strange adventures in Hollywood and his status as legend to legions of fans. It draws on a wealth of research and many hours of interviews with Kneale himself as well as prominent admirers. These include John Carpenter, Ramsey Campbell, Grant Morrison, Russell T Davies and Mark Gatiss and Jeremy Dyson of the League of Gentlemen. **Speaking of Horror** Darrell Schweitzer, 1994-12-01 Interviews with Ramsey Campbell, Dennis Etchison, Chares L. Grant, Tanith Lee, Thomas Ligotti, Brian Lumley, William F. Nolan, F. Paul Wilson and more.

**Supernatural Fiction Writers** Everett Franklin Bleiler, 1985 *Melody*, 1924 [Where is Adaptation?](#) Casie Hermansson, Janet Zepernick, 2018-10-15 *Where is Adaptation?* Mapping cultures, texts and contexts explores the vast terrain of contemporary adaptation studies and offers a wide variety of answers to the title question in 24 chapters by 29 international practitioners and scholars of adaptation, both eminent and emerging. From insightful self-analyses by practitioners, a novelist, a film director, a comics artist to analyses of adaptations of place, culture and identity, the authors brought together in this collection represent a broad cross-section of current work in adaptation studies. From the development of technologies impacting film festivals to the symbiotic potential of interweaving disability and adaptation studies, censorship, exploring the global and an examination of the Association for Adaptation Studies at its 10th anniversary, the original contributions in this volume aim to trace the leading edges of this evolving field. **The Core of Ramsey Campbell** Ramsey Campbell, 1995 [Schoenberg](#) Jonathan Dunsby, 1992-09-17 *Pierrot lunaire* 1912 is one of the most important music-theater works ever written. This is the first guide in English to a work that continues to be performed, broadcast and recorded worldwide. The book describes the artistic environment around the turn of the century from which

Pierrot emerged and discusses Schoenberg's working methods and intentions in composition. In a clear and imaginative description of the work itself, the author takes each of the twenty-one melodramas in turn, considering both the music and the narrative. The text of all twenty-one poems is provided in German and in a new English translation by Andrew Porter.

A new drug has hit the black market, one more potent and powerful than any other. The men behind it will stop at nothing to get what they want: the American underworld, and everything in it. While being investigated by top-level law enforcement officials, a criminal mastermind unleashes a devious plot that will shake the very foundations of justice. After orchestrating a violent massacre that takes place in multiple cities across the continent, over one hundred criminal's deaths will give rise to a new generation. This new generation is more ruthless and intelligent than any other before them. After murdering their way to the top of the New York underworld, they flood the streets with the new drug, Orion. Santo Luciano, as new Boss of Bosses in the American Mafia, strikes deals and bargains with notorious illegal organizations in order to supply Orion on a worldwide scale. Using information given to him by a mole in Federal law enforcement, Santo implements a plan that will distract his enemies while he achieves his true goals.
