journalist Chris Scullion's critically acclaimed series of video game encyclopedias *The Sega Dreamcast* is fondly remembered by players as a games console that was ahead of its time almost to a fault. Its incredible graphics offered a level of detail that hadn't been seen on home systems to that point and its built-in modem brought online multiplayer to many console players for the first time ever. Ultimately though, the release of the PS2 and later the GameCube and Xbox led to struggling sales and Sega would eventually pull the plug on the Dreamcast just two years into its life, bowing out of the console manufacturing business altogether. On paper, the Dreamcast was a commercial failure, but those who owned one remember it so fondly that for many it remains one of the greatest games consoles of all time with a small but well-formed library of high-quality games. This book contains every one of those games, including not only the entire western library of around 270 titles but also the 340 or so games that were exclusively released in Japan. With over 600 games covered in total screenshots for every title and a light-hearted writing style designed for an entertaining read, *The Dreamcast Encyclopedia* is the definitive guide to one of the most underrated gaming systems of all time.

Lost Roses Martha Hall Kelly, 2019-04-09. NEW YORK TIMES BESTSELLER. The million-copy bestseller *Lilac Girls* introduced the real-life heroine Caroline Ferriday. Now *Lost Roses* set a generation earlier and also inspired by true events, features Caroline's mother Eliza and follows three equally indomitable women from St. Petersburg to Paris under the shadow of World War I. Not only a brilliant historical tale but a love song to all the ways our friendships carry us through the worst of times. Lisa Wingate, 1 New York Times bestselling author of *Before We Were Yours*. It is 1914 and the world has been on the brink of war so often many New Yorkers treat the subject with only passing interest. Eliza Ferriday is thrilled to be traveling to St. Petersburg with Sofya Streshnayva, a cousin of the Romanovs. The two met years ago one summer in Paris and became close confidantes. Now Eliza embarks on the trip of a lifetime home with Sofya to see the splendors of Russia, the church with the interior covered in jeweled mosaics, the Rembrandts at the tsar's Winter Palace, the famous ballet. But when Austria declares war on Serbia and Russia's imperial dynasty begins to fall, Eliza escapes back to America while Sofya and her family flee to their country estate. In need of domestic help, they hire the local fortune teller's daughter Varinka, unknowingly bringing intense danger into their household. On the other side of the Atlantic, Eliza is doing her part to help the White Russian families find safety as they escape the revolution. But when Sofya's letters suddenly stop coming, she fears the worst for her best friend. From the turbulent streets of St. Petersburg and aristocratic countryside

estates to the avenues of Paris where a society of fallen Russian migrants live to the mansions of Long Island the lives of Eliza Sofya and Varinka will intersect in profound ways In her newest powerful tale told through female driven perspectives Martha Hall Kelly celebrates the unbreakable bonds of women's friendship especially during the darkest days of history

Filmonomics André de Palma, Luc Leruth, 2025-04-08 What could movies as diverse as *The Last Samurai* *Clash Royale* or *Dr Strangelove* have in common *Filmonomics* has a simple yet intriguing answer economics as the main driving force of the plot or as the main motivation of the characters actions This book analyses how movie makers use economic and financial motives in their plots or to build their characters Have they done it in line with economic theory Or are they proposing a new angle a new perspective that economists should take note of The authors here do not discuss wages in the film industry or the economics of movies What interests them is the economic motivations underpinning the behaviour of fictional characters in their favourite films They argue that credible movie characters can behave in irrational ways and movie makers occasionally introduce new ideas that economists should take note of A unique contribution this book will be of interest to readers eager to discover what economists have to say about films and film directors It will be indispensable for students and researchers of economics media studies film studies and cultural studies

The Zhangs from Nanxun Nanchen Zhang, Laurence Chang, 2010 **The Unauthorized Autobiography of an Unknown Person** Ken Gascon, 2011-01-19 Weird title isn't it One would think that I did not give myself permission to write about myself or the world forbade people to read about me Ever since I can remember and that I can assure you has been many years of remembrance people have been writing and reading about this personality and that celebrity and that famous or infamous person But no one has or was interested in reading about a person with no personality and no status a complete unknown It is as if No One was authorized to read about Nothing regarding a Nobody or as Samuel Clemens would put it Much Ado About Nothing Well here is your chance and whatever the case you be the judge of this narrative
