**L.A.'s Titans of Temple Street** Tom Sitton, 2023-04-05 This book studies Los Angeles County and its government since World War II. A special focus is given to the Titans of Temple Street, the five member Board of Supervisors that determines policies and actions for many issues throughout the county, especially for residents who do not live in the county's 88 cities. This provocative volume challenges traditional readings of western history and literature and redraws the boundaries of the American West with absorbing essays ranging widely on topics from tourism to immigration, from environmental battles to interethnic relations, and from law to film. Taken together, the essays reassess the contributions of a diverse and multicultural America to the West as they link western issues to global frontiers. Featuring the latest work by some of the best new writers, both inside and outside academia, the original essays in *Over the Edge* confront the traditional field of western American studies with a series of radical, speculative, and sometimes outrageous challenges. The collection reads the West through *Ben-Hur* and the films of Mae West, revises the western American literary canon to include the works of African American and Mexican American writers, examines the implications of miscegenation law and American Indian blood quantum requirements, and brings attention to the historical participation of Mexican and Japanese American women, Native American slaves, and Alaskan cannery workers in community life.
