The Human Image In Postmodern America:

The Human Image in Postmodern America Joseph F. Rychlak, 2003 A thought provoking critique of the basic premises underlying the explanations of human behaviour frequently offered by psychologists Despite its avowed shift away from behaviouristic ways of thinking psychology today according to Rychlak is essentially mechanistic But while biological and automatic processes clearly have vital uses they are unable to fully account for such phenomena as free will and agency the very qualities that make us human Postmodernism and Youth Ministry Scott M. Kopp, 2010-03-22 There are a number of ministers today that are unaware of the characteristics of postmodernism and of how it affects our young people This book is written for all who work with youth and young adults in ministry be they youth minister youth pastor director of religious education Sunday school teacher high school or college campus minister or pastor or pastoral associate It is an introduction to and framework for youth ministry and postmodernism By bringing together and synthesizing the present literature on postmodern theory and guides for youth ministry this book begins the discussion and lays the groundwork for a more comprehensive model and study for the future of youth ministry with a postmodern generation together with ideas for the working youth minister to begin implementation today From Modernism to Postmodernism Gerhard Hoffmann, 2005 Postmodern Studies American Literature 20th Century Cultural Theory and Aesthetics **The American Psychologist**, 2007-10 Includes proceedings of the 54th 55th annual meetings of the association 1946 47 and proceedings of meetings of various regional psychological associations *The Postmodern Presence* Arthur Asa Berger, 1998 Instead of summing up the various perspectives of scholars and the variety of ideas to which the term postmodernism has been assigned this text lets this diversity speak for itself By bringing together articles and essays on the impact of the postmodern temper on an eclectic range of subjects Berger presents a few of the many ways different theorists have come to terms with postmodernism while examining manifestations of postmodernism in the culture of everyday life **Psychology's Interpretive Turn** Barbara S. Held, 2007 Two of the most fundamental and pervasive philosophical questions in psychology are Is objective psychological truth possible and how does that possibility pertain to human agency or our capacity for self determination For over 25 years postmodern theorists have maintained that an antiobjectivist or antirealist philosophy enhances human agency by making us free to be what we interpret ourselves to be However in the last decade a new wave group of theorists with hermeneutic pragmatic and constructionist origins has put forth views that are replacing those of conventional postmodernists Their dual mission is to defend the realism denied by postmodern antirealist psychologists while upholding the agency they believe to be denied by modern objectivist psychologists American Poets and Poetry Jeffrey Gray, Mary McAleer Balkun, James McCorkle, 2015-03-10 The ethnically diverse scope broad chronological coverage and mix of biographical critical historical political and cultural entries make this the most useful and exciting poetry reference of its kind for students today American poetry springs up out of all walks of life its poems are maternal as well as paternal stuff d with the stuff that is coarse and
