McCurdy Marine History of the Pacific Northwest* Gordon R. Newell, 1966 On the Northwest Robert Lloyd Webb, 2011-11-01 On the Northwest is the first complete history of commercial whaling in the Pacific Northwest from its shadowy origins in the late 1700s to its demise in western Canada in 1967 Whaling in the eastern North Pacific represented a century and a half of exploration and exploitation which involved the entrepreneurs merchants politicians and seamen of a dozen nations The results of the whaling effort mirrored the outcome of whaling throughout the world By exploiting the large whales without considering their finite numbers or reproductive capacity the industry drove its prey to commercial extinction It was the seamen themselves however who gave substance to the business of whaling On the Northwest focuses on the working lives of these men the shellbacks before the mast the colourful harpoon gunners who chased the whales from spray soaked gun platforms and shore station workers who preserved the international flavour of the Pacific Northwest whaling industry until its demise only two decades ago **Lighthouses and Lifesaving on Washington's Outer Coast** William S. ancient sport of crew racing Sportswriters scoffed at the crude western boats and their crews But for the next forty years the University of Washington dominated rowing around the world The secret of the Huskies success was George Pocock a soft spoken English immigrant raised on the banks of the Thames Pocock combined perfectionism with innovation to make the lightest best balanced fastest shells the world had ever seen After studying the magnificent canoes built by Northwest Indians he broke with tradition and began to make shells of native cedar Pocock who had been a champion sculler in his youth never credited his boats for the accomplishments of a crew He wanted every rower to share his vision of discipline and teamwork As rowers from the University of Washington went on to become coaches at major universities across the country Pocock s philosophy and his shells became nationally famous in the world of crew Drawing on documents provided by Pocock s family photographs from the University of Washington Crew Archives and interviews with rowers who revered the man Newell evokes the times as well as the life of this unique figure in American sport **Prince Ships of Northern B.C.**
