is at bottom the History of the Great Men who have worked here They were the leaders of men these great ones the modellers patterns and in a wide sense creators of whatsoever the general mass of men contrived to do or to attain all things that we see standing accomplished in the world are properly the outer material result the practical realization and embodiment of Thoughts that dwelt in the Great Men sent into the world the soul of the whole world s history it may justly be considered were the history of these Too clearly it is a topic we shall do no justice to in this place One comfort is that Great Men taken up in any way are profitable company We cannot look however imperfectly upon a great man without gaining something by him He is the living light fountain which it is good and pleasant to be near The light which enlightens which has enlightened the darkness of the world and this not as a kindled lamp only but rather as a natural luminary shining by the gift of Heaven a flowing light fountain as I say of native original insight of manhood and heroic nobleness in whose radiance all souls feel that it is well with them On any terms whatsoever you will not grudge to wander in such neighborhood for a while These Six classes of Heroes chosen out of widely distant countries and epochs and in mere external figure differing altogether ought if we look faithfully at them to illustrate several things for us Could we see them well we should get some glimpses into the very marrow of the world s history
