Stories to Read Aloud David Booth, David Wallace Booth, 1992 *The Herring Shed [record Album]*. Jay O'Callahan, 1983

The Pope's Rhinoceros Lawrence Norfolk, 2007-12-01 The acclaimed author of *Lemprière's Dictionary* furnishes another richly textured romp steeped in history legend and excitement Booklist The Pope's Rhinoceros is a vivid antic and picaresque novel spun around one of history's most bizarre chapters the sixteenth century attempt to procure a rhinoceros as a bribe for Pope Leo X In February 1516 a Portuguese ship sank off the coast of Italy The Nostra Senora de Ajuda had sailed fourteen thousand miles from the Indian kingdom of Gujarat Her mission to bribe the pleasure loving Pope into favoring expansionist Portugal over her rival Spain with the most exotic and least likely of gifts a living rhinoceros Moving from the herring colonies of the Baltic Sea to the West African rain forest with a cast of characters including an order of reclusive monks and Rome's corrupt cardinals courtesans ambassadors and nobles The Pope's Rhinoceros is at once a fantastic adventure tale and a portrait of an age rushing headlong to its crisis An exhausting banquet of a book One of the most original energetic and ambitious novels of recent years Kirkus Reviews Mr Norfolk's heady originality and intellectual energy are apparent on every page The New York Times Book Review

The Storytellers' Journey Joseph Daniel Sobol, 1999 This is the seed of The Storytellers Journey Joseph Daniel Sobol's history of the past thirty years of American storytelling In this compelling examination of the contemporary search for myth Sobol explores the social and psychological roots of the storytelling revival and the ever resurgent power of the storyteller Drawing on interviews with dozens of storytellers around the country Sobol paints the revival as part of a larger process of cultural revitalization He traces the growth of the preeminent revival organization the National Association for the Preservation and Perpetuation of Storytelling NAPPS and details the individual passions the organizational politics and the economic social and mythic forces that have combined to transform a ragtag assemblage of enthusiasts into a national and international network of arts professionals A seemingly chance encounter between a restlessly ambitious high school teacher and a coonhunting tale on the car radio sets off a chain of inspirations that changes the face of a small southern town touches lives across America and revitalizes a homely but treasured art form Hame Annalena McAfee, 2017 Hame n Scottish form of home a valued place regarded as a refuge or place of origin In the wake of the breakdown of her relationship Mhairi McPhail dismantles her life in New York and moves with her 9 year old daughter Agnes to the remote Scottish island of Fascaray Mhairi has been commissioned to write a biography of the late Bard of Fascaray Grigor McWatt a cantankerous poet with an international reputation But who was Grigor McWatt Details of his past his tough childhood and his war years as a commando are elusive

and there is evidence of a mysterious love affair which Mhairi is determined to investigate As she struggles to adapt to her new life and put her own troubled past behind her Mhairi begins to unearth the astonishing secret history of the poet regarded by many as the custodian of Fascaray s and Scotland s soul The Power of Personal Storytelling Jack Maguire,1998-10-12 You re stuck in an endless dull conversation As the speaker drones on your mind wanders until you hear the words I remember once when I was Your ears perk up You become engrossed An anecdote unfolds and suddenly the speaker is alive and excited and you know just what he means He has used the age old technique of storytelling to powerfully get his point across capturing your attention through a well told narrative of personal experience that invited you to relate to his message on an intimate level In The Power of Personal Storytelling professional storyteller Jack Maguire explains how to mine your memories to communicate more effectively enhance personal and professional relationships and understand yourself better so that you can better understand others Step by step he illustrates how shaping and expressing true stories about our lives and those of the people we ve known can connect us more vitally with others develop our creativity strengthen our humor courage and confidence and render our lives more memorable Whether you re a teacher or a salesman a minister or a parent personal storytelling can help improve the key relationships in your life while investing your memories with more meaning Christine: A Fife Fisher Girl Amelia E. Barr,2022-08-10 The story is about Christine the sweetest lass in the entire village and is set in a small quaint Scottish fishing village nestled among the rocky crags of Coleraine She grows up in a morally upright family and her struggles pleasures heartache and happiness are all documented in this wonderful story The Catholic Homeschool Companion Maureen Wittmann,Rachel Mackson,2005 Your one stop resource for information insight and inspiration More than forty veteran homeschooling parents help you foster your children s moral and spiritual development teach kids in special circumstances and handle other common problems homeschoolers face The Harbour Bar Harbour Bar,Lady Grace Anne Prestwich,1874 Liars, Damn Liars, and Storytellers Joseph Sobol,2023-08-18 Joseph Sobol is one of a select few contemporary scholar practitioners to chart the evolution of storytelling from traditional foundations to its current multifarious presence in American life The years since his classic The Storytellers Journey An American Revival 1999 have brought seismic shifts in storytelling circles Essays gathered here move between cultural history critical analysis and personal narratives to showcase the efforts of traditional and contemporary storytellers to make their presence felt in the world The book begins with an account of recent changes in the storytelling landscape including the growth of a new generation of urban personal storytelling venues sparked by The Moth Next is a suite of essays on Appalachian Jack tales the best known cycle of traditional American wonder tales and an account of its most celebrated practitioners including close encounters with the traditional master Ray Hicks The next set examines frames through which storytellers capture truth historical legendary literary oral traditional and personal Stylistic differences between northern and southern tellers are affectionately portrayed with a special look at the late much loved Alabaman Kathryn Tucker

Windham The final section makes the case for informed critical writing on storytelling performance through a survey of notable contemporary storytellers work a look at the ethics of storytelling genres and a nuanced probe of truth and fiction in storytelling settings A tapestry of personal stories social criticism and artistic illuminations Liars Damn Liars and Storytellers is valuable not only to scholars and students in performance folklore cultural studies and theater but also to general readers with a love for the storytelling art

Improving Your Storytelling Doug Lipman,1999 The first steps in storytelling are often easy because we tell stories informally every day Once you take storytelling into the more formal contexts of performance or occupational uses however you may be faced with challenges you hadn t anticipated You need information that goes beyond the basics And you need it in a form that does not just tell you what to do but helps you make your own informed decisions This book is meant for the reader who has already begun to tell stories and is ready to learn more about the art Instead of rules to follow it gives you a series of frameworks that encourage you to think on your feet Doug Lipman has written and taught extensively on the art of storytelling With the same generosity and warmth that characterize his workshops he considers the teller s relationship to the story the teller s relationship to the audience and the transfer of imagery in a medium that is simultaneously visual auditory and kinesthetic **Mariah Mundi and the Ghost Diamonds** G.P. Taylor,2010-06-17 There is never a dull moment for Mariah Mundi living in the Prince Regent Hotel But catastrophe strikes when three eminent visitors spontaneously combust at a hotel party Just a freak of nature or a cleverly plotted murder When hotel owner Captain Charity is arrested on suspicion of murder Mariah Mundi and his friend Sacha must find the truth urgently to save both the Captain and the hotel Could the answer lie in the mythical Ghost Diamonds **Wilbur and Orville**

Fred Howard,2013-04-26 Definitive crisply written study tells the full story of the brothers lives and work from their early childhood and initial fascination with flight the historic first flight at Kitty Hawk more **Katyn** Allen Paul,2010-03-15 Twenty years ago Allen Paul wrote the first post communist account of one of the greatest but least known tragedies of the twentieth century Stalin s annihilation of Poland s officer corps and massive deportation of so called bourgeoisie elements to Siberia Today these brutal events are symbolized by one word Katyn a crime that still bitterly divides Poles and Russians Paul s richly updated account covers Russian attempts to recant their admission of guilt for the murders in Katyn Forest and includes recently translated documents from Russian military archives eyewitness accounts of two perpetrators and secret official minutes published here for the first time that confirm that U S government cover up of the crime continued long after the war ended Paul s masterful narrative recreates what daily life was like for three Polish families amid momentous events of World War II from the treacherous Nazi Soviet invasion in 1939 to a rigged election in 1947 that sealed Poland s doom The patriarch of each family was among the Polish officers personally ordered by Stalin to be shot One of the families suffered daily repression under the German General Government Like thousands of other Poles two of the families were deported to Siberia where they nearly died from forced labor starvation and neglect Through painstaking research the author

reconstructs the lives of these families including such stories as a miraculous escape on the last transport of Poles leaving Russia and a mother's daring ski trek over the Carpathian Mountains to rescue a daughter she had not seen in six years. At the heart of the drama is the Poles' uncommon belief in victory in defeat that their struggles made them strong and that freedom and independence inevitably would be regained. **Tides of Change on Grand Manan Island** Joan

Marshall, 2008-12-16 Grand Manan Island a 200 year old fishing village in the Bay of Fundy has been overwhelmed by globalization technology and changing government policies. Changes on the island call into question the myth of the rural idyll and point to an urgent need for reconsideration of urban/rural divides. **Digital Performance in Everyday Life**

Lyndsay Michalik Gratch, Ariel Gratch, 2021-11-11 Digital Performance in Everyday Life combines theories of performance, communication, and media to explore the many ways we perform in our everyday lives through digital media and in virtual spaces. Digital communication technologies and the social norms and discourses that developed alongside these technologies have altered the ways we perform as and for ourselves and each other in virtual spaces. Through a diverse range of topics and examples including discussions of self-identity, surveillance, mourning, internet memes, storytelling, ritual, political action, and activism, this book addresses how the physical and virtual have become inseparable in everyday life and how the digital is always rooted in embodied action. Focusing on performance and human agency, the authors offer fresh perspectives on communication and digital culture. The unique interdisciplinary approach of this book will be useful to scholars, artists, and activists in communication, digital media, performance studies, theatre, sociology, political science, information technology, and cybersecurity, along with anyone interested in how communication shapes and is shaped by digital technologies. **Historic Preservation**, 1983
