Sister Of The Bride 1575:

Lives of the Tudor Princesses Including Lady Jane Gray and Her Sisters Agnes Strickland,1868 A Bride for the Tsar Russell E. Martin,2012-06-15 From 1505 to 1689 Russia's tsars chose their wives through an elaborate ritual the bride show The realm's most beautiful young maidens provided they hailed from the aristocracy gathered in Moscow where the tsar's trusted boyars reviewed their medical histories evaluated their spiritual qualities noted their physical appearances and confirmed their virtue Those who passed muster were presented to the tsar who inspected the candidates one by one usually without speaking to any of them and chose one to be immediately escorted to the Kremlin to prepare for her wedding and new life as the tsar's consort Alongside accounts of sordid boyar plots against brides the multiple marriages of Ivan the Terrible and the fascinating spectacle of the bride show ritual A Bride for the Tsar offers an analysis of the show's role in the complex politics of royal marriage in early modern Russia Russell E Martin argues that the nature of the rituals surrounding the selection of a bride for the tsar tells us much about the extent of his power revealing it to be limited and collaborative not autocratic Extracting the bride show from relative obscurity Martin persuasively establishes it as an essential element of the tsarist political system *Europa Triumphans* J. Court, 1483-1563 Susan Broomhall, 2025-10-01 *Women and Power at the French Court 1483-1563* explores the ways in which a range of women as consorts, regents, mistresses, factional power players, attendants at court, or as objects of courtly patronage wielded power in order to advance individual familial and factional agendas at the early sixteenth-century French court. Spring-boarding from the burgeoning scholarship of gender, the political and power in early modern Europe, the collection provides a perspective from the French court from the reigns of Charles VIII to Henri II, a time when the French court was a renowned center of culture and at which women played important roles. Cross-disciplinary in its perspectives, these essays by historians, art and literary scholars investigate the dynamic operations of gendered power in political acts, recognized status as queens and regents, ritualized behaviors such as gift-giving, educational coteries, and through social networking, literary and artistic patronage, female authorship, and epistolary strategies.
