Slow Dancing With The Angel Of Death:

A Whole World of Trouble Helen Chappell, 2003-04-08 In the tradition of Fannie Flagg veteran storyteller Helen Chappell acclaimed author of *Giving Up the Ghost* presents a wry funny and poignant novel about two sisters their dead mother and a Chesapeake Bay town where anything can happen and frequently does Sometimes you have to go home again even if you know the trip is going to be one from hell When Carrie points her van in the direction of Oysterback Maryland her old hometown she does it only because she has no choice Her momma the indomitable Audrey has done the unthinkable she died And it wasn't a neat little Oysterback death either No it happened in Florida and involved an alligator But then again there was nothing conventional about Audrey even in life The same could be said for her daughter Carrie single perpetually searching and professionally adrift she has become an expert at yard sales sifting through the detritus of other folks lives then reselling it to shops that sell antiques and assorted collectibles Her sister Earlene considers Carrie a junk collector but then Earlene has devoted her life to being conventional Married with two boys she has remained in Oysterback where she and her husband run the View n Chew a combination video store sandwich shop Momma had lived by the notion that a woman is incomplete without a man and spent the years following her husband's death trying to be as complete as humanly possible in the process working her way through a whole parade of men As best Carrie can figure her momma's last two flames were Alonzo Deaver the town's resident miscreant and a current resident of the state penitentiary and Jack Shepherd a college professor on the run from failure and boredom Both had been granted carte blanche to crash at Momma's house whenever the occasion should arise be it Alonzo's planned escape from prison or Jack's escape from his ratty little boat Once back in Oysterback Carrie finds herself unwittingly caught up in a family drama of epic proportions including Earlene's resentment which leads to a classic and very messy confrontation a now married ex boyfriend's attempt to rekindle an old flame her own attraction to Professor Jack and a roiling stew of anger and grief over Momma's poorly timed passing For while Carrie never expected to go home again she naively believed it always would be there *A Whole World of Trouble* is a delightfully authentic comedy of Southern manners and an antic frequently hilarious pointed and moving novel by a writer who knows the people and the world she writes about

Mystery Women, Volume Three (Revised) Colleen Barnett, 2010-12-31 Like other fictional characters female

sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008

The Mystery Readers' Advisory John Charles, Joanna Morrison, Candace Clark, 2002 Three librarians from Scottsdale Arizona provide library staff with an introduction to the mystery genre and offer tips and techniques for providing advice to mystery readers in the library They include some of their own bibliographies but refer readers elsewhere for fuller ones They also include a brief history of the genre to pass on to readers new to it

The Armchair Detective, 1996

Justice Denoted Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain labels that reduce the variety of the legal thriller to a subgenre of mystery fiction Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists Its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers *Anatomy of a Murder* as well as the romantic potboiler Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart Lisa Scottoline

Margaret Maron Scott Turow and John Grisham There are also individual works by Shakespeare Goethe Kafka Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *be te noire* of the common individual caught up in its maw The appendices include comments by lawyer novelist Michael A Kahn a historical introduction to the legal thriller craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires bibliography of critical sources and articles series characters and the legal terminology found in courtroom dramas and novels An essential reference tool for scholars researchers as well as the occasional reader of legal thrillers
