Writing travel, writing life Pia Sójka, 2023-01-10 The book compares the texts of three Swiss authors Ella Maillart Annemarie Schwarzenbach and Nicolas Bouvier The focus is on their trip from Geneva to Kabul that Ella Maillart and Annemarie Schwarzenbach made together in 1939-1940 and Nicolas Bouvier 1953-1954 with the artist Thierry Vernet The comparison shows the strong connection between the journey and life and between *ars vivendi* and travel literature This book also gives an overview of and organises the numerous terms genres and categories that already exist to describe various travel texts and proposes the new term travelling narration The travelling narration looks at the text from a narratological perspective that distinguishes the author narrator and protagonist within the narration In the examination ten motifs could be found to characterise the travelling narration Culture Crossing Borders Freedom Time and Space the Aesthetics of Landscapes Writing and Reading the Self and as the Other Home Religion and Spirituality as well as the Journey The importance of each individual motif does not only apply in the 1930s or 1950s but also transmits important findings for living together today and in the future *Royal Dictionary, English and French, and French and English* Charles Fleming, J. The play satirizes the hypocrisies of French aristocratic society but it also engages a more serious tone when pointing out the flaws that all humans possess The play differs from other farces at the time by employing dynamic characters like Alceste and Cléante as opposed to the traditionally flat characters used by most satirists to criticize problems in society It also differs from most of Molière's other works by focusing more on character development and nuances than on plot progression The play though not a commercial success in its time survives as Molière's best known work today Jean-Paul Sartre Jean-Pierre Boulé, 2011-05-25 Jean-Paul Sartre *Mind and Body Word and Deed* celebrates Sartre's polyvalence with an examination of Sartrean philosophy literature and politics In four distinct yet related sections twelve scholars from three continents examine Sartre's thought writing and action over his long career Sartre and the Body reappraises Sartre's work in dialogue with other philosophers past and present including Maine de Biran Maurice Merleau-Ponty and Didier Anzieu Sartre and Time offers a first-hand account by Michel Contat of Sartre and Beauvoir working together and a philosophy in practice analysis by François Noudelmann Ideology and Politics uses Sartrean notions of commitment and engagement to address modern and contemporary politics

including insights into Castro De Gaulle Sarkozy and Obama Finally an important but neglected episode of Sartre s life the visit that he and Beauvoir made to Japan in 1966 is narrated with verve and humour by Professor Suzuki Michihiko who first met Sartre during that visit and remained in touch subsequently Taken together these twelve chapters make a strong case for the continued relevance of Sartre today **Le grand dictionnaire Hachette-Oxford** Marie-Hélène Corréard, Valerie Grundy, Jean-Benoit Ormal-Grenon, Nicholas Rollin, 2007-05-10 A book that lists French language words and gives their equivalent in English and English language words with their equivalent in French *Exploring the Contributions of Women in the History of Philosophy, Science, and Literature, Throughout Time* Chelsea C.
