Hauerwas writes but American Christians aided and abetted by theologians have accomplished that feat Whatever might be said about Hauerwas and there is plenty no one has ever accused him of being boring and in this book he delivers another jolt to all those who think that Christian theology is a matter of indifference to our secular society At once Christian theology and social criticism this book aims to show that the two cannot be separated In this spirit Hauerwas mounts a forceful attack on current sentimentalities about the significance of democracy the importance of the family and compassion which appears here as a literally fatal virtue In this time of the decline of religious knowledge when knowing a little about a religion tends to do more harm than good Hauerwas offers direction to those who would make Christian discourse both useful and truthful Animated by a deep commitment his essays exhibit the difference that Christian theology can make in the shaping of lives

An all new multi age children s ministry program that will help your kids learn how they can talk with God *One True Life* Christopher Kavin Rowe,2016-01-01 In this groundbreaking cross disciplinary work of philosophy and biblical studies New Testament scholar C Kavin Rowe explores the promise and problems inherent in engaging rival philosophical claims to what is true Juxtaposing the Roman Stoics Seneca Epictetus and Marcus Aurelius with the Christian saints Paul Luke and Justin Martyr and incorporating the contemporary views of Jeffrey Stout Alasdair McIntyre Charles Taylor Martha Nussbaum Pierre Hadot and others the author suggests that in a world of religious pluralism there is negligible gain in sampling from separate belief systems This thought provoking volume reconceives the relationship between ancient philosophy and emergent Christianity as a rivalry between strong traditions of life and offers powerful arguments for the exclusive commitment to a community of belief and a particular form of philosophical life as the path to existential truth Letters of the Divine Word Robert B. Price,2011-05-26 The Christian doctrine of God has traditionally been presented in two parts an account of the existence and attributes of God on the one hand and an account of God s triunity on the other The present study is an analysis of Karl Barth s doctrine of the divine attributes or perfections as it appears in his Church Dogmatics II 1 Barth s doctrine of the divine perfections has received comparatively little attention and what attention it has received is typically very selective Authors unaware of larger structural themes in Barth s account often misconstrue significant details of Barth s text Others wrongly discount the implications of Barth s doctrine of the perfections for his theology as a whole The aim of this study is primarily to clarify what Barth says about the perfections and secondarily to relate this to broader themes in Barth s theology T T Clark Studies in Systematic Theology is a series of monographs in the field of Christian doctrine with a particular focus on constructive engagement with major topics through historical analysis or contemporary restatement
