## **Small Masterpiece:**

**Greek and Roman Small Size Sculpture** Giovanni Colzani, Clemente Marconi, Fabrizio Slavazzi, 2023-10-24

Considerations about size and scale have always played a central role within Greek and Roman visual culture deeply affecting sculptural production Both Greeks and Romans in particular had a clear notion of colossality and were able to fully exploit its implications with sculpture in many different areas of social cultural and religious life Instead despite their ubiquitous presence an equal and contrary categorization for small size statues does not seem to have existed in Greek and Roman culture leading one to wonder what were the ancient ways of conceptualizing sculptural representations in a format markedly smaller than life size Even in the context of modern scholarship on Classical Art few notions appear to be as elusive as that of small sculpture often treated with a certain degree of diffidence well summarized in the formula Klein aber Kunst In fact a large and heterogeneous variety of objects corresponds to this definition all kinds of small sculpture from statuettes to miniatures in a variety of materials including stone bronze and terracotta associated with a great array of functions and contexts and with extremely different levels of manufacture and patronage It would be a major misunderstanding to think of these small sculptures in general as nothing more than a cheap and simplified alternative to larger scale statues Compared with those their peculiar format allowed for a wider range of choices in terms for example of use of either cheap or extremely valuable materials not only marble and bronze but also gold and silver ivory hard stones among others methods of production combining seriality and variation modes of fruition such as involving a degree of intimacy with the beholder rather than staging an illusion of presence Furthermore their pervasive presence in both private and public spaces at many levels of Greek and Roman society presents us with a privileged point of view on the visual literacy of a large and varied public Although very different in many respects small sized sculptures entertained often a rather ambivalent relationship with their larger counterparts drawing from them at the same time schemes forms and iconographies By offering a fresh new analysis of archaeological evidence and literary sources through a variety of disciplinary approaches this volume helps to illuminate this rather complex dynamic and aims to contribute to a better understanding of the status of Greek and Roman small size sculpture within the general development of ancient art

Hans Christian Andersen in American Literary Criticism of the Nineteenth Century Herbert Rowland, 2020-11-03 In Hans Christian Andersen in American Literary Criticism of the Nineteenth Century Herbert Rowland argues that the literary criticism accompanying the publication of Hans Christian Andersen's works in the United States compares favorably in scope perceptiveness and chronological coverage with the few other national receptions of Andersen outside of Denmark Rowland contends that American commentators made it abundantly evident that in addition to his fairy tales Andersen wrote several novels travelogues and an autobiography which were all of more than common interest In the process Rowland shows that American commentators naturalized Andersen in the United States by confronting the sensationalism in the journalism and literature of the time with the perceived

wholesomeness of Andersen's writing deploying his long fiction on both sides of the debate over the nature and relative value of the romance and the novel and drawing on three of his works to support their positions on slavery the Civil War and Reconstruction

BOOK JACKET *The Reception of Jane Austen in Europe* Anthony Mandal, Brian Southam, 2007-10-13 This volume of

international research provides a wide ranging account of Jane Austen's reception across the length and breadth of Europe from Russia and Finland in the North to Italy and Spain in the South. In historical terms the survey ranges from the near contemporary since Austen's novels were available in French very soon after their original publication to modern times in those countries which for various reasons linguistic historical or ideological have taken up the novels only in recent years. For many Austen's novels are valued for their romantic content as love stories but increasingly they are being perceived as sophisticated ironic narratives. In this the quality of translation has been a significant factor and the many film and television adaptations have played an important part in establishing Austen's reputation amongst the public at large. It will be seen from this that across Europe Austen's reception history is far from uniform and has been shaped by a complex of extra literary forces.

**Hemingway's Widow** Timothy Christian, 2022-03-01. A stunning portrait of the complicated woman who becomes Ernest Hemingway's fourth wife tracing her adventures before she meets Ernest exploring the tumultuous years of their marriage and evoking her merry widowhood as she shapes Hemingway's literary legacy. Mary Welsh a celebrated wartime journalist during the London Blitz and the liberation of Paris meets Ernest Hemingway in May 1944. He becomes so infatuated with Mary that he asks her to marry him the third time they meet although they are married to other people. Eventually she succumbs to Ernest's campaign and in the last days of the war joined him at his estate in Cuba. Through Mary's eyes we see Ernest Hemingway in a fresh light. Their turbulent marriage survives his cruelty and abuse perhaps because of their sexual compatibility and her essential contribution to his writing. She reads and types his work each day and makes plot suggestions. She becomes crucial to his work and he depends upon her critical reading of his work to know if he has it right. We watch the Hemingways as they travel to the ski country of the Dolomites commute to Harry's Bar in Venice attend bullfights in Pamplona and Madrid go on safari in Kenya in the thick of the Mau Mau Rebellion and fish the blue waters of the gulf stream off Cuba in Ernest's beloved boat Pilar. We see Ernest fall in love with a teenaged Italian countess and wonder at Mary's tolerance of the affair. We witness Ernest's sad decline and Mary's efforts to avoid the stigma of suicide by claiming his death was an accident. In the years following Ernest's death Mary devotes herself to his literary legacy negotiating with Castro to reclaim Ernest's manuscripts from Cuba publishing one third of his work posthumously. She supervises Carlos Baker's biography of Ernest sues A. E. Hotchner to try and prevent him from telling the story of Ernest's mental decline and spends years writing her memoir in her penthouse overlooking the New York skyline. Her story is one of an opinionated woman who

smokes Camels drinks gin swears like a man sings like Edith Piaf loves passionately and experiments with gender fluidity in her extraordinary life with Ernest This true story reads like a novel and the reader will be hard pressed not to fall for Mary
