Requiem Shark W. E. their careers and Kelli Ryder a seventeen year old dropout with high school behind her and an uncertain future ahead whose heroic attempt to take the shark s victim away from it makes front page news Together they become an uneasy and contentious fellowship on a mission of revenge or redemption or renewal none of them is sure which And as they set out aboard a barely seaworthy 45 foot research vessel to hunt sharks Kelli s selfless courage and obdurate optimism rekindle long extinguished fires in her older companions She leads them on an odyssey down the Indian River Lagoon through one of the most diverse coastal ecosystems in the world westward on the Okeechobee Waterway into a hurricane clawing its way ashore on the Gulf Coast and onto a sun blasted inland sea on the edge of the Everglades where they confront in the form of the very shark that Kelli has already faced once their pasts their problems and their destinies
