Excerpt from Smithsonian Meteorological Tables To Prof Wm Libbey ir especial acknowledgments are due for a Large
amount of attention given to the present work Prof Libbey had already completed a revision involving considerable
recomputation of the meteorological tables contained in the last edition of Guyot s Tables when it was determined to adopt
new values for many of the constants and to have the present volume set with new type This involved a large amount of new
computation which was placed under the direction of Mr George E Curtis who has also written the text and has carefully
prepared the whole manuscript and carried it through the press To Mr Curtis s interest and to his special experi ence as a
meteorologist the present volume is therefore largely due Prof Libbey has contributed Tables 38 39 55 56 61 74 77 89 and 90
