Mathematical Questions and Solutions, from the "Educational Times" W. J. C. Miller,1894 **Mathematical Questions and Solutions** ,1880 FUNDAMENTALS OF ELECTROMAGNETIC THEORY, Second Edition DASH, SAROJ K.,KHUNTIA, SMRUTI R.,2011-01-01 The Second Edition of this book while retaining the contents and style of the first edition continues to fulfil the requirements of the course curriculum in Electromagnetic Theory for the undergraduate students of electrical engineering electronics and telecommunication engineering and electronics and communication engineering The text covers the modules of the syllabus corresponding to vectors and fields Maxwell's equations in integral form and differential form wave propagation in free space and material media transmission line analysis and waveguide principles It explains physical and mathematical aspects of the highly complicated electromagnetic theory in a very simple and lucid manner This new edition includes Two separate chapters on Transmission Line and Waveguide A thoroughly revised chapter on Plane Wave Propagation Several new solved and unsolved numerical problems asked in various universities examinations **The Complete Idiot's Guide to Public Speaking: 2nd Edition** Laurie Rozakis,1999-06-01 You're no idiot of course You can hold your own in water cooler conversation are the life of the party at get-togethers and have no problem firing a quick comeback at your smart alecky friends But when it comes to standing onstage in front of a group of people you feel like you're the one in your underwear not the audience Don't hide behind the lectern just yet The Complete Idiot's Guide to Public Speaking Second Edition helps you feel confident and build the skills you need to deliver winning speeches and presentations In this completely revised and updated Complete Idiot's Guide you'll find Professional guidance on identifying your audience and adapting to the situation Expert advice on effective wardrobe and body language Useful pointers on how to tell jokes Valuable tips on handling hecklers and negative audiences Cutting edge information on using Powerpoint and other visual aids **Marine Engineering Log** ,1905 *Educational Times* ,1887 **Supplier Relationships and Mergers & Acquisitions in the Software Industry** Karl Michael Popp,2025-10-07 This book has been created to serve students of information systems and computer science to serve as a primer for getting acquainted with key concepts and mechanisms of software supply chains and mergers and acquisitions It contains scientific content best practices as well as street smarts when dealing with these topics Questions after each chapter allow the reader to see if the content was successfully acquired and can be applied *"The" Athenaeum* ,1859 Educational Times and Journal of the College of Preceptors ,1910

Solution-oriented Social Work Practice Gilbert J. Greene,Mo Yee Lee,2011 Too often in practice there is a tendency to pathologize clients requiring a diagnosis as part of the helping relationship Suppose however that most of the client problems that social workers encounter have more to do with the vagaries of life and not with what clients are doing wrong This powerful idea is the philosophy behind the strengths based approaches to social work This groundbreaking practice

handbook takes this concept one step further combining the different strengths based approaches into an overarching model of solution oriented social work for greater impact The strengths perspective emphasizes client strengths goal setting and a shared definition of positive outcome Solution focused therapy approaches ongoing problems when they have temporarily abated amplifying exceptions as solutions This natural but rarely explored pairing is one component in the challenging and effective practice framework presented here by the authors two seasoned practitioners with over 50 years of combined experience By integrating the most useful aspects of the major approaches a step by step plan for action emerges With this text in hand you will Integrate elements from the strengths perspective solution focused therapy narrative therapy and the strategic therapy of the Mental Research Institute the MRI approach into an effective and eclectic framework Build and practice your skills using case examples transcripts and practical advice Equip yourself with the tools you need to emphasize clients strengths Challenge the diagnosis first medical model of behavioral health care Collaborate with clients to get past thinking first order change and more to acting outside the box second order change Learn to work with a wide variety of clients including individuals groups and families involuntary clients clients with severe mental illness and clients in crisis For any student or practitioner interested in working with clients towards collaborative and empowering change this is the essential text
