reason whether love belongs to the class of responses such as belief and action that admit of norms of justification and rationality Are there normative reasons to love someone Can it be an appropriate or fitting response to an individual Can it be rational Or is love like perceptual experiences sensations and urges the sort of thing we just have and for which we cannot be rationally criticizable Hichem Naar provides a sustained defense of the rationality of love There are reasons to love others reasons provided by the unique value of each individual This will in turn rule out popular accounts of love which deny love s rationality and vindicate those accounts that make room for it Drawing on various domains of philosophical inquiry such as the philosophy of mind the philosophy of normativity and epistemology Naar provides a careful assessment of the various positions in the debate over reasons for love and develops his own answer to the normative question about love **The Glossa Ordinaria on Romans** ,2011-05-01 The Gloss on Romans is a collection of sources from many periods and places which accounts for its inconsistencies And this is what gives the Gloss much of its charm The twelfth century was an age of gathering sources and commentaries in theology Lombard s Sentences canon law Gratian s Decretum and biblical studies the Glossa ordinaria Education began to flourish into what would become universities where the master s role was to elucidate traditional authoritative texts And chief among these was the Bible not standing alone but with the accompanying Gloss from the introduction **Have You Ever Loved Someone Who Didn't Love You Back?** Beverly D. Thomas,2014-03-26 Why dont you love me 7 years of tribulation The murder of Jesus Christ Take another look at God Tear down them walls I dont want you anymore The laughing mocking God Chance after Chance
