

In Somewhere Else

Love is a long
hard thing
bird cannot fly
with a broken wing
chaos and confusion
some people think
the world is an illusion
Rain comes from where
the moon and the stars

beautify the night sky
I do declare
human emotion
both shallow and deep
the ocean
keeps moving and
cannot find any sleep

Verbal Art Anders Pettersson, 2000 Anders Pettersson presents a comprehensive account of the foundations of literature grounded in an original analysis of the interactions between author and reader Drawing on post-Gricean pragmatics and Nicholas Wolterstorff's notion of presentationality Pettersson develops the idea of the verbal text and conveys an integrated and nuanced understanding of literary experience its conditions and the values it affords In the second part of *Verbal Art* he systematically examines the cognitive affective and formal aspects of the literary work and explores their interrelations Pettersson demonstrates the implications and applications of the theory through a series of detailed studies of literary works taking care to show that his theory is compatible with a broad variety of perspectives Combining an intimate knowledge of modern literary theory and the aesthetics of literature with innovative applications of linguistics and cognitive psychology to the literary work he provides a thorough treatment of fundamental problems in the area including the concept of a text or work the concept of form and the distinctiveness of the literary use of language

Conversations with Audre Lorde Audre Lorde, 2004 Audre Lorde 1934-1992 the author of eleven books of poetry described herself as a Black feminist lesbian poet warrior mother but she added that this phrase was inadequate in capturing her full identity The interviews in this collection portray the many additional sides of the Harlem-born author and activist She was also a rebellious child of Caribbean parents a mastectomy patient a blue collar worker a college professor a student of African mythology an experimental autobiographer in her book titled *Zami* a critic of imperialism and a charismatic orator Despite her intense engagement with the major social movements of her time Lorde told interviewers that she was always an outsider a position of weakness and of strength Most of her schoolmates were white She married a white legal aid attorney and after their divorce she was the partner of a white psychologist for many years These intimate alliances with whites caused some African Americans of both genders to question the depth of her solidarity Lorde expressed distrust of some white feminists and charged that they lacked real understanding of African American struggles Writing proved to be her powerful weapon against injustice Painfully aware that differences could provoke prejudice and violence she promoted the bridging of barriers These interviews reveal the sense of displacement that made Lorde a champion of the outcast and the forgotten whether in New York Mississippi Berlin or Soweto

Robert Frost Among His Poems Jeffrey S. Cramer, 2007-07-30 Based on the arrangement of *The Poetry of Robert Frost* 1969 Part One of this work attempts to identify

Frost's intentions by placing each poem in the biographical, historical, and geographical context of his life. It further examines conscious and unconscious points of association, annotates words and phrases, and provides, when possible, a date of composition along with the place of publication. Part Two consists of an annotated bibliography of poems published during Frost's life but uncollected at the time of his death and those published posthumously or yet collected.

Knowing One's Place in Contemporary Irish and Polish Poetry Magdalena Kay, 2012-02-23 Are we allowed to choose where we belong? What pressures make us feel that we should belong somewhere? This book brings together four major poets: Heaney, Mahon, Zagajewski, and Hartwig, who ask themselves these questions throughout their lives. They start by assuming that we can choose not to belong, but know this is easier said than done. Something in them is awry, leading them to travel, emigrate, and return dissatisfied with all forms of belonging. Writer after writer has suggested that Polish and Irish literature bear some uncanny similarities, particularly in the 20th century, but few have explored these similarities in depth. Ireland and Poland, with their tangled histories of colonization, place a large premium upon knowing one's place. What happens though when a poet makes a career out of refusing to know her place in the way her culture expects? This book explores the consequences of this refusal, allowing these poets to answer such questions through their own poems, leading to surprising conclusions about the connection of knowledge and belonging, roots and identity.

How to be Brilliant at Writing Poetry Irene Yates, 2010-11-16 These open-ended sheets provide models for different forms of poetry, from acrostic and haiku to rondel. All the models included have an in-built success factor because their simple but clever structures invite the children to mirror them. Once students have mastered the forms, they will be able to apply them to any topic, ideas, including those given elsewhere in this book. The activities include finding a beginning, using words to paint a picture, making up similes, rhyming, writing limericks, haikus, acrostic poems, riddles, cinquains, rondels, poems that repeat a line, and poems that go on and on.

The Poetics of Migration in Contemporary Irish Poetry Ailbhe McDaid, 2017-11-29 This book offers a fresh critical interpretation of two of the central tenets of Irish culture: migration and memory. From its starting point with the New Irish generation of poets in the United States during the 1980s and concluding with the technological innovations of 21st-century poetry, this study spans continents, generations, genders, and sexualities to reconsider the role of memory and of migration in the work of a range of contemporary Irish poets. Combining sensitive close readings and textual analysis with thorough theoretical application, it sets out the formal, thematic, socio-cultural, and literary contexts of migration as an essential aspect of Irish literature. This book is essential reading for literary critics, academics, cultural commentators, and students with an interest in contemporary poetry, Irish studies, diaspora studies, and memory studies.
