Spanish Modernist Novel Roberta Johnson, 2003 Offering a fresh revisionist analysis of Spanish fiction from 1900 to 1940 this study examines the work of both men and women writers and how they practiced differing forms of modernism As Roberta Johnson notes Spanish male novelists emphasized technical and verbal innovation in representing the contents of an individual consciousness and thus were more modernist in the usual understanding of the term Female writers on the other hand were less aesthetically innovative but engaged in a social modernism that focused on domestic issues gender roles and relations between the sexes Compared to the more conventional even reactionary ways their male counterparts treated such matters Spanish women's fiction in the first half of the twentieth century was often revolutionary The book begins by tracing the history of public discourse on gender from the 1890s through the 1930s a discourse that included the rise of feminism Each chapter then analyzes works by female and male novelists that address key issues related to gender and nationalism the concept of intrahistoria or an essential Spanish soul modernist uses of figures from the Spanish literary tradition notably Don Quixote and Don Juan biological theories of gender prevalent in the 1920s and 1930s and the growth of an organized feminist movement that coincided with the burgeoning Republican movement This is the first book dealing with this period of Spanish literature to consider women novelists such as Maria Martinez Sierra Carmen de Burgos and Concha Espina alongside canonical male novelists including Miguel de Unamuno Ramon del Valle Inclan and Pio Baroja With its contrasting conceptions of modernism Johnson's work provides a compelling new model for bridging the gender divide in the study of Spanish fiction

The Street of Clocks Thomas Lux, 1913 The Street of Clocks Thomas Lux's first all new collection since 1994 is a significant addition to the work of an utterly original highly accomplished poet The poems gathered here are delivered by a narrator who both loves the world and has intense quarrels with it Often set against vivid landscapes the rural America of Lux's childhood and unidentified places south of the border these poems speak from rivers and swamps deserts and lawns jungles and the depths of the sea

que es van dur a terme en la segona meitat del segle XIX aquest volum mostra que en l'imaginari de l'Espanya metropolitana de l'època existia una identitat imperial que ha desaparegut quasi per complet de la historiografia contemporània. L'autora analitza les petjades de l'imperi que es troben en l'Exposició de les Illes Filipines a Madrid 1887 i la commemoració del IV Centenari del Descobriment d'Amèrica 1892 entre altres representacions del repertori simbòlic de l'imaginari nacional i explora una sèrie de textos objectes i pràctiques culturals que posen de manifest aquella consciència imperial que fins a ben entrat el segle XX estava imbricada en la identitat de la nació malgrat haver patit l'imperi dues importants descolonitzacions en 1824 i en 1898.

Book Bulletin of the Chicago Public Library Chicago Public Library, 1917 *Library Bulletin* University of Aberdeen, 1928 **The Galician Works of Ramón Del Valle-Inclán** Ann Frost, 2010

Ramón del Valle Inclán 1866-1936 was undoubtedly the most controversial literary figure of his generation. Whilst his genius was recognised by fellow writers the reading public was slow to accept his work and his theatre taxed directors and audiences alike. One of the harshest criticisms levelled against him concerned his use of repetition. This study shows how the reuse, recycling and development of material becomes one of the hallmarks of Valle Inclán's writing during the first three decades of his literary career, linking one genre with another and blurring the borders between different aesthetics. The repetition of themes and motifs, characters and stylistic devices reveals an underlying interdependence among works that on the surface appear unconnected or even contradictory. Many of Valle Inclán's works have been studied in isolation rather than as pieces of a whole. This book examines the elements that provide significant links in his writing between 1889 and 1922, most of which shares the common backdrop of Galicia and demonstrates that apparently unrelated works are part of a larger picture. Despite changes in perspective and genre there are constants that relate individual works to those that precede and follow, creating a unifying pattern of continuity.

A Dream of Arcadia Lily L. Pérez de la Dehesa, 1972 **A History of the Spanish Novel** J. A. Garrido Ardila, 2015-04-30

The origins of the Spanish novel date back to the early picaresque novels and *Don Quixote* in the sixteenth and seventeenth centuries and the history of the genre in Spain presents the reader with such iconic works as Galdós's *Fortunata and Jacinta*, Clarín's *La Regenta* or Unamuno's *Mist*. A History of the Spanish Novel traces the developments of Spanish prose fiction in order to offer a comprehensive and detailed account of this important literary tradition. It opens with an introductory chapter that examines the evolution of the novel in Spain with particular attention to the rise and emergence of the novel as a genre during the sixteenth and seventeenth centuries and the bearing of Golden Age fiction in later novelists of all periods. The introduction contextualises the Spanish novel in the circumstances and milestones of Spain's history and in the wider setting of European literature. The volume is comprised of chapters presented diachronically from the sixteenth to the twenty-first century and others concerned with specific traditions: the chivalric romance, the picaresque, the modernist novel, the avant-gardist novel and with some of the most salient authors: Cervantes, Zayas, Galdós and Baroja. A History of the Spanish Novel takes the reader across the centuries to reveal the captivating life of

the Spanish novel tradition in all its splendour and its phenomenal contribution to Western literature
