St Agathas Breast:

Saint Agatha's Breast Robert Stefanotti, 2020-04-23 For years the priests of San Redempto a decrepit monastic order in the heart of Rome were so busy indulging their private vices they failed to notice that thieves had been systematically plundering the monastery of its treasures But when someone makes off with six paintings from a ghastly series of martyrdom studies executed by the 17th century master Nicolas Poussin the prior reluctantly orders the Rev Brocard Curtis the archivist of the order to find the culprits That fatal decree invites a maelstrom of violence that may finish off the dirty old monks and doom San Redempto to oblivion Magnificat refers to Luke 1 46 55 popularly called Mary's Song of Praise specifically the verses He has brought down the mighty from their thrones and exalted those of humble estate The humor and clever turns of these books reveal the hypocrisy of those in power that is brought to light by those they so readily scorn From 1966 2001 Robert Stefanotti wrote and published three Murder Mysteries brought together as Magnificat under the pen name T C Van Adler St Agatha's Breast The Evil That Boys Do and Demise of the Mystics Robert Stefanotti has re edited these mysteries for their twentieth anniversary Given changes not only in his own life but also the world he is happily using his own name Taking inspiration from those overwrought scenes of religious ecstasy beloved of the Baroque painters T C Van Adler has written a morbidly funny debut mystery in ST AGATHA'S BREAST Marilyn Stasio The New York Times There are times when I laughed out loud at some turn of phrase or the incredibly comic situations that murder mayhem and religious life can sometimes effect Stefanotti has a finger on the pulse on much of religious life those things mainly dealing with sexuality and human relationships that many communities are not very willing to engage Brian Dignity Newspaper St Agatha's Breast isn't for every taste but for fans of the cerebral mysteries such as Umberto Eco's classic The Name of the Rose will be fascinated with this The Portland Oregonian

Bathsheba's Breast James S. Olson, 2021-04-27 An absorbing and unsettling history of breast cancer told through the stories of women who have confronted it from ancient times to the present A Los Angeles Times Best Book of the Year In 1967 an Italian surgeon touring Amsterdam's Rijks museum stopped in front of Rembrandt's Bathsheba at Her Bath and noticed an asymmetry to Bathsheba's left breast it seemed distended swollen near the armpit discolored and marked with a distinctive pitting The physician learned that Rembrandt's model Hendrickje Stoffels later died after a long illness He conjectured that the cause of her death was almost certainly breast cancer In Bathsheba's Breast James S Olson traces the history of breast cancer through women's experiences of the disease across epochs and continents The stories range from the sixth century Byzantine empress Theodora who chose to die rather than lose her breast to Dr Jerri Nielson who was evacuated from the South Pole in 1999 after performing a biopsy on her own breast and self administering chemotherapy Olson explores every facet of the disease medicine's evolving understanding of its pathology and treatment options its cultural significance the political and economic logic that has dictated the terms of a war on a woman's disease and the rise of patient activism An invaluable aid to those breast cancer survivors with an interest in taking the long view of

Oncoplastic Breast Surgery Mark William Kissin, Ash Subramanian, David C Howlett, Jennifer Glendenning, 2023-02-10 This volume is a contemporary guide to the management of breast diseases both benign and malignant This multidisciplinary resource includes significant expertise from the disciplines of radiology pathology oncology psychology and nursing care as well as insights from plastic surgeons and other allied health professionals With a focus on practical patient management the book takes a problem based learning approach and includes strategies to tackle clinical challenges which whilst seen in practice are often poorly understood and taught Each chapter succinctly covers the seminal evidence based literature whilst placing this within a patient centred context The multidisciplinary approach reflects contemporary clinical practice Breast surgeons surgeons in training positions and the wider multidisciplinary breast management team will all benefit from this authoritative guide

St. Agatha's Breast T.C. Van Adler, 1998-12-15

The Iron Pen Julia Epstein, 1989 Best known as a novelist and social satirist whose work anticipated Jane Austen's Frances Burney 1752 1840 has also been recognized as an important writer in the history of feminist literature Julia Epstein now offers a new interpretation of Burney and her work that Burney's anger at the economic and social conditions of women emerges in her writing in moments of barely contained violence and that her representations of violence and hostility provide a key to Burney's literary power The Iron Pen situates Burney's writings within the sociopolitical context of the late eighteenth century and proposes a new approach to the development of the novel of manners In addition Epstein presents a comprehensive study of the reception of Burney's work from its original publication to the present This study illuminates the history of popular book reviewing and of academic literary scholarship as political enterprises Beginning with an examination of Burney's journals and letters including an account of the mastectomy she underwent without anesthesia while in exile in Paris in 1811 Epstein then offers readings of Burney's four novels paying close attention to the depiction of repressed anger and violence that characterizes all her work The final section traces critics responses to Burney's published writings from 1778 when her first novel *Evelina* appeared anonymously to the present in readings informed by psychoanalysis post

structuralism and feminist literary theory Drawing upon the work of critics of eighteenth century culture such as Mary Poovey Ellen Pollak Ruth Perry and Margaret Doody Epstein is successful in two ways in combining an analysis of a set of texts with an analysis of a particular set of cultural assumptions and in her intentional underscoring of the complex nature of critical practice

The Woman on the Windowsill Sylvia Sellers-Garcia, 2020-02-18 One of the most thoughtfully crafted works of true crime I've ever seen Molly Odintz CrimeReads senior editor On the morning of July 1 1800 a surveyor and mapmaker named Cayetano D az opened the window of his study in Guatemala City to find a horrific sight a pair of severed breasts Offering a meticulously researched and evocative account of the quest to find the perpetrator and understand the motives behind such a brutal act The Woman on the Windowsill pinpoints the last decade of the eighteenth century as a watershed moment in Guatemalan history when the nature of justice changed dramatically Sylvia Sellers Garc a reveals how this bizarre and macabre event came with an increased attention to crime that resulted in more forceful policing and reflected important policy decisions not only in Guatemala but throughout the Spanish Empire This engaging true crime story serves as a backdrop for the broader consideration of the forces shaping Guatemala City at the brink of the modern era

Body and Sacred Place in Medieval Europe, 1100-1389 Dawn Marie Hayes, 2004-11-23 Body and Sacred Place in Medieval Europe investigates the medieval understanding of sacred place arguing for the centrality of bodies and bodily metaphors to the establishment function use and power of medieval churches Questioning the traditional division of sacred and profane jurisdictions this book identifies the need to consider non devotional uses of churches in the Middle Ages Dawn Marie Hayes examines idealized visions of medieval sacred places in contrast with the mundane and profane uses of these buildings She argues that by the later Middle Ages as loyalties were torn by emerging political economic and social groups the Church suffered a loss of security that was reflected in the uses of sacred spaces which became more restricted as identities shifted and Europeans ordered the ambiguity of the medieval world
