St Augustin The Writings Against The Manicheans A:

The Writings Against The Manichaeans And The Donatists St. Augustine of Hippo, This volume gives a fair sample of Augustin s controversial powers His nine years personal experience of the vanity of Manich ism made him thoroughly earnest and sympathetic in his efforts to disentangle other men from its snares and also equipped him with the knowledge requisite for this task No doubt the Pelagian controversy was more congenial to his mind His logical acuteness and knowledge of Scripture availed him more in combating men who fought with the same weapons than in dealing with a system which threw around its positions the mist of Gnostic speculation or veiled its doctrine under a grotesque mythology or based itself on a cosmogony too fantastic for a Western mind to tolerate 25 But however Augustin may have misconceived the strange forms in which this system was presented there is no doubt that he comprehended and demolished its fundamental principles 26 that he did so as a necessary part of his own personal search for the truth and that in doing so he gained possession vitally and permanently of ideas and principles which subsequently entered into all he thought and wrote In finding his way through the mazes of the obscure region into which Mani had led him he once for all ascertained the true relation subsisting between God and His creatures formed his opinion regarding the respective provinces of reason and faith and the connection of the Old and New Testaments and found the root of all evil in the created will **Anti-Manichaean Writings** Saint

St. Augustin: the Writings Against the Manichaeans, and Against the Donatists
Saint Augustine (of Hippo), 1887 Nicene and Post-Nicene Fathers First Series, St. Augustine Philip Schaff, 2007-05-01

The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume IV of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Augustines writings defending the Catholic church against the Manichaeans and the Donatists Manichaeism was a religion developed in Persia by the prophet Mani According to this religion creation has two parts darkness and light Light is God and has ten attributes Opposing this and coeternal with it is darkness and its five attributes Saint Augustine was originally a Manichaean so his defense of Christianity against this religion comes from a deep understanding of its nature Donatists were a group of believers who refused to forgive those who had renounced their faith during a time of persecution which caused a schism in Christianity In opposing these men Augustine attempted to mend the rift Those with an interest in ancient religions will find Augustines writings on Manichaeism one of the most important historical records of that religions practices
