St Ives Light Into Colour:

A Life with Colour Caroline Chanter, 2021-10-28 A Life with Colour is the first complete survey of Gerard Wagner's biography and his artistic intentions featuring dozens of illustrations and more than 120 colour plates. The life and work of Gerard Wagner 1906-1999 were closely aligned to the artistic spiritual stream connected with the Goetheanum in Dornach, Switzerland. He first heard of the Goetheanum and of its destruction by fire at New Year 1922-23 whilst still a youth. In 1926 he made his first visit to Dornach but his intended stay of a week turned into a lifelong sojourn of over 73 years. He found there an active striving community with which he felt intimately connected. From the start Gerard Wagner immersed himself in the various artistic impulses that Rudolf Steiner had instigated. This together with an intensive study of anthroposophy formed the basis upon which he forged his own approach to painting. The many years he spent in colour experimentation led him to discover objective principles within the language of colour and form that are an inspiration to many today. His paintings first shown at the Goetheanum in the early 1940s were exhibited internationally, most notably at the Menshikov Palace, Hermitage Museum, St Petersburg, Russia, in 1997. Wagner's whole being bowed before the mystery of colour in a loving, joyful yet serious way, full of devotion and dignity. His life and work itself became a living metaphor of the creative power of colour. Christian Hitsch. Caroline Chanter has not only accomplished a great and seminal study that illuminates the life and work of Gerard Wagner but has done a great service also to the Goetheanum and its School of Spiritual Science. Peter Selg. Gerard Wagner was a soul which on earth was devoted so selflessly and in such purity to the beings that are revealed in forms and colours. He helped them to utterance and manifestation in this world of ours.
