*Rural Affairs: Drayton Beauchamp Series (hardback)* Anna Hutton-North, 2012-07-16 Whoever said life in the country was boring Alicia's a smart sassy lawyer who won't stand for any nonsense She lives for payday Prada and becoming a Partner of the firm Having shaken the proverbial rural dust of Drayton Beauchamp off her Jimmy Choos she knows exactly what she wants out of life At least until one disastrous summer she thinks she does Then stuck back in the village she grew up in things start to get complicated as she rediscovers old friends Matty the farmer's wife with a passion for fashion and Chloe the eternal romantic As she clashes with her mother's favourite gardener deals with aggressive clients and sees her friend's marriage fall apart she finds that she becomes inexplicably bound to the village However much she tries to leave it appears fate has other plans Whoever said life in the countryside was boring couldn't have been more wrong there's always a rural affair *Handlers The Reject Retirement Home for Forgotten Spies* Sherridean Abddeen, 2025-09-04 *Handlers* is the story they didn't want told It isn't about polished intelligence work or silent professionals it's about the sloppy smirking self appointed operators who turned intimidation into bad improv theater Through 25 chapters of real encounters twisted threats and laughable performances this book exposes the rot behind the badge the absurd playbooks recycled from decades past and the way fear collapses into comedy when the truth is spoken out loud From the sniper who needed an RSVP to the

smirker who couldn't wipe his grin from whispers of betrayal to public breakdowns *Handlers* is both a warning and a roast. It is the living record of how intimidation backfired and how in *Steadlo* of silencing it gave birth to laughter, exposure and the unmasking of a broken system. ***Unbridled*** D. Jackson Leigh, 2021-07-13 After a hard fought battle to take control of her personal and professional life, mystery writer Lauren Everhart's star is finally rising. She vows never to give up control of anything in her life until she meets her niece's sexy horseback riding instructor and signs up for her own private lessons and more. Riding top horses on the show jumping circuit and igniting a woman's desire are simply games of power and Marsh Langston is a master player. Only this time the flame she fans with Lauren Everhart burns too hot and so quickly it threatens to sear through Marsh's impenetrable control. ***Opposites*** J. A. Brady, 2006-05 Lilly Seymour is your average high school teacher looking for a way to subsidize her courses and keep the inner city school she works for financially afloat. When her real life is caught up in a dangerous cycle of murder and espionage, Lilly uses her skills as a writer to unravel the mystery. Into the mix walks the most opposite man Lilly has ever met. ***Trodds Lane*** Nick Roteman, 2014-08-21 He hadn't meant to kill Pete, but the experience was exhilarating and sexually arousing. Nothing would come in the way of his pursuit of money, not even his girlfriend's son. She desperately needed a job and sex through the library manager she hoped to find both. She was a pretty 23 years old with large green eyes, long wild hair and a quirky sense of fashion. Unfortunately, being autistic meant she possessed little understanding of human behaviour and struggled daily in an alien world to communicate with her fellow man. She has few friends, so when Pete goes missing, she searches desperately for him. Only she realises he is dead, but as the body count mounts, she is unable to convince her friends or the police. He is a dangerous psychotic, ruthless but with a deadly secret he must kill to protect. She knows who he is, he knows who she is. Fighting to overcome her difficulties, she must risk more than just her life to set a trap for him. The race is on. ***Tampered*** Ross Pennie, 2011-05 When a bout of food poisoning strikes a residence for lively seniors blessed with generous pensions and high ranking political connections, Dr Zol Szabo, public health doctor turned medical detective, assembles his investigative team. But the epidemic's source proves elusive, the death count rises and when the scourge threatens someone close to Zol, he calls in his friend and colleague Hamish Wakefield, a microbe connoisseur with a nose for exotic diagnoses. Though Hamish uncovers other dangers, he can't crack the puzzle and neither can the health unit's outbreak hunting whiz kid. It takes time. ***Amnesia*** G. H. Ephron, 2000-09-02 If the only witness to a murder has amnesia, how do you catch the killer? Instead of matching fingerprints or DNA, forensic psychologist Dr Peter Zak solves cases by studying psychological clues and phenomena. Peter, whose specialty is the brain and behavior, consults for the Boston public defenders' office, analyzing the thought processes and personalities of witnesses and defendants. Sylvia Jackson was shot in the head and left for dead; her boyfriend murdered. Waking from a coma after six weeks, she remembers nothing until three months later when she begins to recall details of the crime and the killer. Finally, Syl accuses her ex-husband, remembering what seems like incontrovertible evidence of his guilt. But Stuart Jackson seems

destroyed by his ex's ordeal could he really be guilty of this vicious crime Peter quit consulting on trials a year ago when his wife was brutally murdered by a killer angered by Peter's suggestion of an insanity defense But when his old colleagues call for help with this bizarre case he's hooked It's Peter's job to determine how reliable Syl's memory really is and to use those memories to uncover the truth Amnesia is guaranteed to be the start of an intriguing and original crime series

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain

books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
