

STALIN IN POWER

A black and white portrait of Joseph Stalin, wearing his characteristic ushanka hat, looking slightly to the right. The portrait is framed by a dark border.

The Revolution from Above, 1928-1941

ROBERT C. TUCKER

Stalin In Power The Revolution From Above 1928 1941

Astrid S. Tuminez

Stalin In Power The Revolution From Above 1928 1941:

Stalin in Power Robert C. Tucker,1990 *Stalin in Power* Robert C. Tucker,1990 Recounts Stalin s establishment of state run collectives discusses the political reasons behind his pact with Hitler and analyzes the effects of Stalin s reign

Stalin in Power Robert C. Tucker,1990 **Power and the Sacred in Revolutionary Russia** Glennys Young,2010-11 After the 1917 Revolution in Russia the Bolsheviks launched a massive assault on religion Although we know a great deal about how the Bolsheviks went about doing this propaganda persecution of clergy and laity seizing church property scholars have not devoted much attention to the other side of the story the people who were being persecuted and how they responded to their persecutors Glennys Young shows how ordinary Russian peasants devised ways of asserting their religious faith during the difficult period of New Economic Policy 1921 28 when the Party state was ideologically obsessed with eradicating religion Faced with persecution torture and the creation of antireligious organizations such as the League of the Godless Orthodox clergy and laity organized themselves against the Bolsheviks They revived factional politics even using the village soviets the intended cornerstone of Soviet power in the countryside to defend their religious interests When they achieved some degree of success in their resistance the Bolsheviks were forced to respond and adapt their strategies a conclusion that scholars have not put forward previously Based on extensive research in archives and published sources Young s book will force historians of Soviet Russia to confront religious issues as central to rural politics Her work also draws upon cultural anthropology and theories of peasant politics making it of great interest to any scholars studying the processes of secularization and desacralization in other cultures **Stalin In Power** Robert C Tucker,1992-05-05 Explains the motivations personality and actions of the man under whose rulership millions of Russians perished **The Russian Revolution** Sheila Fitzpatrick,2008-02-28 This fully updated new edition of Sheila Fitzpatrick s classic short history of the Russian Revolution takes into account the new evidence that has come to light since the collapse of the Soviet Union in 1991 incorporating material that was previously inaccessible not only to Western but also to Soviet historians **Russia After Lenin** Vladimir Brovkin,2005-08-04 Following the Russian Revolution the cultural and political landscape of Russia was strewn with contradictions The dictatorship censorship and repression of the Communist party existed alongside private enterprise the black market and open debates on Socialism In Russian Society and politics 1921 1929 Vladimir Brovkin offers a comprehensive cultural political economic and social history of developments in Russia in the 1920 s By examining the contrast between Bolshevik propaganda claims and social reality the author explains how Communist representations were variously received and resisted by workers peasants students women teachers and party officials He presents a picture of cultural diversity and rejection of Communist constraints through many means including unauthorised protest religion jazz music and poetry In Russian Society and Politics 1921 1929 Vladimir Brovkin argues that these trends if left unchecked endangered the Communist Party s monopoly on political power The Stalinist revolution can thus be seen as a pre emptive

strike against this independent and vibrant society as well as a product of Stalin's personality and communist ideology

The Anatomy of Revolution Revisited Bailey Stone, 2014 This study aims to update a classic of comparative revolutionary analysis Crane Brinton's 1938 study *The Anatomy of Revolution* It invokes the latest research and theoretical writing in history political science and political sociology to compare and contrast in their successive phases the English Revolution of 1640-60 the French Revolution of 1789-99 and the Russian Revolution of 1917-29 This book intends to do what no other comparative analysis of revolutionary change has yet adequately done It not only progresses beyond Marxian socioeconomic class analysis and early revisionist stresses on short term accidental factors involved in revolutionary causation and process it also finds ways to reconcile state centered structuralist accounts of the three major European revolutions with postmodernist explanations of those upheavals that play up the centrality of human agency revolutionary discourse mentalities ideology and political culture

Russian Nationalism Since 1856 Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Tuminez analyzes two cases Russian panslavism in 1856-1878 and great power nationalism in 1905-1914 when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior

Russia John M. Thompson, Christopher J. Ward, 2018-04-17 This lucid account of Russian and Soviet history presents major trends and events from ancient Kievan Rus to Vladimir Putin's presidency in the twenty first century Russia does not shy away from controversial topics including the impact of the Mongol conquest the paradoxes of Peter the Great the inevitability of the 1917 Revolution the Stalinist terror and the Gorbachev reform effort Tackling those topics and others the new edition is updated to discuss the Russia Georgia war of 2008 the 2013-2014 Euromaidan protests in Ukraine the war in eastern Ukraine and the Russian annexation of Crimea Distinguished by its brevity and amply supplemented with useful images and suggested readings this essential text provides balanced coverage of all periods of Russian history and incorporates economic social and cultural developments as well as politics and foreign policy

Stalin In Power The Revolution From Above 1928 1941 Book Review: Unveiling the Power of Words
