Stalking In Children And Adolescents

Steven N. Sparta, Gerald P. Koocher

Stalking In Children And Adolescents:

Stalking in Children and Adults Joseph T. McCann, 2001-01-01 Although significant attention has been devoted to adult perpetrators and victims of stalking there is persuasive evidence that stalking begins at a much younger age Stalking in Children and Adolescents offers mental health professionals and attorneys a review of current research on stalking and related forms of obsessional harassment as well as recommendations for assessment and treatment of young stalking victims and perpetrators Principles and Practice of Child and Adolescent Forensic Mental Health Elissa P. Benedek, Peter Ash, Charles L. Scott, 2009-10-20 When care of younger patients raises thorny legal questions you need answers you can trust that's why this book belongs on every clinician's reference shelf Principles and Practice of Child and Adolescent Forensic Mental Health is a timely and authoritative source that covers issues ranging from child custody to litigation concerns as it walks clinicians through the often confusing field of depositions and courtroom testimony The book expands on the 2002 volume Principles and Practice of Child and Adolescent Forensic Psychiatry winner of the 2003 Manfred S Guttmacher Award to meet pressing twenty first century concerns from telepsychiatry to the Internet while continuing to cover basic issues such as forensic evaluation psychological screening and the interviewing of children for suspected sexual abuse that are important to both new and experienced practitioners Many of its chapters have been entirely rewritten by new authors to provide fresh insight into such topics as child custody juvenile law abuse neglect and permanent wardship cases transcultural transracial and gay lesbian parenting and adoption and the reliability and suggestibility of children's statements It also includes significant material not found in the previous volume Two chapters on special education offer an introduction to screening instruments and help practitioners determine a child's potential need for special education programs and services A chapter on cultural competence helps readers improve the accuracy and responsiveness of forensic evaluations and minimize the chance of an unjust outcome resulting from misguided expert opinion The section on youth violence features three new chapters Taxonomy and Neurobiology of Aggression Prevention of School Violence and Juvenile Stalkers plus a newly written chapter on assessment of violence risk offering guidance on how to confront problems such as bullying and initiate effective family interventions A chapter on psychiatric malpractice and professional liability addresses these legal concerns with an eye toward cases involving minors A chapter on psychological autopsy covers evaluation of the circumstances surrounding pediatric suicides describing various types of equivocal deaths and discussing legal issues such as admissibility of the autopsy in court A newly written chapter on the Internet expands the previous book's focus on child pornography to help practitioners deal with issues ranging from online threats to emotional and legal consequences of interactions in cyberspace This is a valuable reference not only for practitioners in psychiatry and the mental health field but also for attorneys and judges It opens up a field that may be too often avoided and helps professionals make their way through legal thickets with confidence **Forensic Mental Health Assessment of Children and Adolescents** Steven N. Sparta, Gerald P.

Koocher,2006-03-16 This volume provides essential knowledge and practical suggestions for conducting forensic mental health evaluations of children and adolescents A wide range of assessment problems are described along with discussions about measurement techniques and forensic issues related to minors

Stalking Debra A. Pinals,2007-06-25 Over the last two decades stalking has received increasingly widespread attention The establishment of anti stalking legislation has helped to spur interest in stalking research and the forensic assessment of stalkers Popular representations of stalking have made the public more aware of this phenomenon It has long been the responsibility of mental health professionals to provide assessments of and treatment for stalkers and their victims and as criminal cases involving defendants charged with stalking become more common it is now also the responsibility of legal professionals to be knowledgeable about psychiatric aspects of stalking behavior and the risks that so often must be minimized through legal action or a combination of clinical and legal interventions This volume provides a thorough overview of current scientific and clinical research about stalking along with practical guidance and original commentary from the Psychiatry and the Law Committee of the Group for the Advancement of Psychiatry an organization recognized for its contributions to mental health literature In addition to covering the most widely discussed scientific topics related to stalking including classification of stalking behaviors risk assessment and risk management of stalkers and the stalking experience from the perspective of victims this book examines celebrity and special target stalking cyberstalking forensic assessment and juvenile and adolescent stalking Stalking Psychiatric Perspectives and Practical Approaches provides a novel and comprehensive contribution to a field in need of an up to date text written from the vantage point of forensic psychiatrists who encounter stalkers and their victims in their distinct roles as treatment providers and forensic evaluators The prism of stalking and the risks involved continue to fascinate and frighten In pursuit of rounded coverage the authors have incorporated findings from numerous studies and analyzed these findings from several theoretical perspectives Every chapter has been written from the vantage point of a committee of nationally recognized forensic psychiatrists who offer their perspectives on this fascinating but complex topic Mental health professionals members of the judiciary law enforcement professionals media personnel and the public will no doubt find this text to be an informative and useful resource

Cyber and Face-to-Face Aggression and Bullying among Children and Adolescents Annis Lai Chu Fung,2024-03-05 The shift from face to face communication since the start of the global pandemic has resulted in more conflicts among children and adolescents on social media and aggressive and bullying behaviour becoming more severe on online platforms such as Instagram Facebook Twitter X WhatsApp and Signal This book holistically discusses the theoretical foundations underlying face to face and cyberaggression and provides practical advice for preventing and intervening in both forms of aggression and bullying among schoolchildren and adolescents across different countries It offers practical tools to address notable shifts in expressions of aggression from offline to online settings since the COVID 19 outbreak in both Eastern and Western contexts With nine chapters contributed by experts from

the USA Canada Spain United Kingdom Taiwan Mainland China and Hong Kong the chapters offer cross cultural insights new definitions theoretical frameworks plus preventative and intervention strategies The book also covers protective factors and issues related to both cyber and traditional forms of bullying and aggression The book ends by forecasting future trends regarding online and offline aggression and bullying The prevention and intervention strategies contained within for reducing both face to face and cyber aggression and bullying among children and adolescents provide invaluable insights to frontliners such as educators teachers social workers counsellors psychologists parents and policymakers It will also appeal to researchers by providing cutting edge knowledge and conceptualisation of online and traditional aggressive and bullying behaviour

Stalking and Psychosexual Obsession Julian Boon, Lorraine Sheridan, 2002-05-22 The recent increased focus on high profile stalking cases has led to the raising of public awareness and professional concern however only recently has there been substantial scientific research into the area Stalking and Psychosexual Obsession represents a showcase of contemporary research and theory never before assembled in one book The contributions which are drawn from the diverse spheres of psychology psychiatry the police and the law provide a comprehensive picture of what is currently known about stalking Each of the chapters not only takes stock of existing research but provides ground breaking new insights Among the topics covered are victimology violence risk assessment and case management issues and a new stalker classificatory system is presented which offers advice on how to identify different types of stalkers with different intervention strategies being suggested for each case A comprehensive global showcase of contemporary thought ideas research and practice An international team of expert contributors from diverse backgrounds including psychology psychiatry police and the law

Handbook of Juvenile Justice Barbara Sims, Pamela Preston, 2006-05-05 Too often professionals in public policy or criminal justice must scramble to find additional reading on juvenile law and justice or on juvenile delinquency topics because most references and textbooks provide inadequate coverage of many issues of importance The Handbook of Juvenile Justice Theory and Practice responds to this need by providing

Young People, Stalking Awareness and Domestic Abuse Maria Mellins, Rachael Wheatley, Caroline Flowers, 2023-09-12 This book addresses domestic abuse and stalking among young people in the UK and Ireland with a focus on intersectionality and lifestyle settings In partnership with the Alice Ruggles Trust this book draws on a wealth of expert contributions including those with lived experience frontline services such as Paladin National Stalking Advocacy Service charities Emily Test and Hollie Gazzard Trust researchers of so called honour based abuse and online harms and forensic psychologists who work with people who stalk It begins with an overview of ways to recognise harmful behaviours including those carried out online The discussion then moves on to methods and motivations of stalking and coercive control and the various lifestyle contexts including education environments young people in the workplace and the role of the police and frontline support services in tackling these issues It is a vital resource for undergraduate students across criminology sociology law psychology education social justice policing and forensic

psychology as well as a combination of academic researchers and professionals working within stalking and domestic abuse support and prevention This action orientated book also includes Key Points and Discussion Questions in each chapter to direct student learning in the classroom and to create discussion points for wider readers

A Descriptive Study of Child and Adolescent Obsessional Followers JT. McCann, 2000 This study is a preliminary descriptive investigation of the phenomenon of stalking in children and adolescents Data on offender characteristics victim characteristics and stalking patterns were examined in a sample of 13 obsessional followers ranging in age from 9 to 18 Many research findings from investigations on adults who stalk were replicated in this study including the fact that most stalking offenders are male most victims are female and about half of stalking cases involve threats made toward the victim In addition the rate of violence was 31% in this sample of juvenile stalking offenders and the most common methods of stalking were physical approach telephone calls and letter writing Some interesting trends in the data emerged which require further study and suggest some differences may exist between juvenile and adult stalking offenders The results are preliminary and suggest directions for future research

The Dark Side of Relationship Pursuit Brian H. Spitzberg, William R. Cupach, 2014-04-16 Awards and Praise for the first edition Recipient of the 2006 International Association for Relationship Research IARR Book Award This text as it presently stands is THE go to text for stalking researchers That is my opinion and the opinion of multiple fellow scholars I know in the field It rarely sits on my shelf but rather is a constant reference on my desk I can always count on these authors to have done an extensive review of literature I thought I was thorough but they are always providing me with new references Dr H Colleen Sinclair Associate Professor of Psychology Mississippi State University Cupach and Spitzberg provide the reader with a multidisciplinary framework for understanding the nature and impact of unwanted relationship pursuits This book is an excellent resource for students and professionals alike who seek to gain knowledge about unwanted relational pursuits and stalking Journal of Couple Relationship Therapy The Dark Side of Relationship Pursuit provides historical and definitional frames for studying unwanted relationship pursuit and considers the role of the media law and social science research in shaping today's conceptualizations of stalking The volume integrates research from diverse contributing fields and disciplines providing a thorough summary and assessment of current knowledge on stalking and obsessive pursuit Building on the foundation of the award winning first edition this revision considers assessment issues offers an expanded analysis of the meta analysis data set and includes coverage of intercultural and international factors As an increasing number of scholarly disciplines and professional fields study stalking and other forms of obsessive relationship pursuit this book is a must have resource for examining interpersonal conflict social and personal relationships domestic violence unrequited love divorce and relational dissolution and harassment It also has much to offer researchers counselors and professionals in psychology counseling criminal justice sociology psychiatry forensic evaluation threat assessment and law enforcement

Stalking In Children And Adolescents Introduction

In today's digital age, the availability of Stalking In Children And Adolescents books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Stalking In Children And Adolescents books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Stalking In Children And Adolescents books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Stalking In Children And Adolescents versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Stalking In Children And Adolescents books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Stalking In Children And Adolescents books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Stalking In Children And Adolescents books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Stalking In Children And Adolescents books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Stalking In Children And Adolescents books and manuals for download and embark on your journey of knowledge?

FAQs About Stalking In Children And Adolescents Books

1. Where can I buy Stalking In Children And Adolescents books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Stalking In Children And Adolescents book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
