Ukrainian Intelligentsia in Post-Soviet L'viv Eleonora Narvselius, 2012-01-01 Intelligentsia assumes the right to speak in the name of the entire nation and to extrapolate its own tastes values and choices to it Therefore intelligentsia s voices have been in many ways decisive in the discussions about Ukrainian national identity which gained momentum in the post Soviet Ukrainian society The historical and cultural cityscape of L'viv is an especially apt site for investigation of the nexus intelligentsia nation not only in the Ukrainian but in the East Central European context This borderline city while not being a remarkable industrial administrative or political centre has acquired the reputation of a site of unique cultural production and a principal center of the Ukrainian nationalist movement throughout the twentieth century Here the popular conceptions of intelligentsia have been elaborated at the intersection of various cultural historical and political traditions This study addresses Ukrainian speaking intelligentsia and intellectuals in L'viv both as a discursive phenomenon and as the social category of cultural producers who in the new circumstances both articulate the nation and are articulated by it

Rennikov, 1925 **Queer China** Hongwei Bao, 2020-05-11 This book analyses queer cultural production in contemporary China to map the broad social transformations in gender sexuality and desire It examines queer literature and visual cultures in China s post Mao and postsocialist era to show how these diverse cultural forms and practices not only function as context specific and culturally sensitive forms of social activism but also produce distinct types of gender and sexual subjectivities unique to China s postsocialist conditions From poetry to papercutting art from comrade gay literature to girls love fan fiction from lesbian films to activist documentaries and from a drag show in Shanghai to a public performance of a same sex wedding in Beijing the book reveals a queer China in all its ideological complexity and creative energy Empirically rich and methodologically eclectic Queer China skilfully weaves together historical and archival research textual and discourse analysis along with interviews and ethnography Breaking new ground and bringing a non Western perspective to the fore this transdisciplinary work contributes to multiple academic fields including literary and cultural studies media and communication studies film and screen studies contemporary art theatre and performance studies gender and sexuality studies China Asia and Global South studies cultural history and cultural geography political theory and the study of social movements **Changing China: Migration, Communities and Governance in Cities** Li Si-Ming, Shenjing He, Kam Wing Chan, 2018-02-02 China s unprecedented urbanization is underpinned by not only massive rural urban migration but also a household registration system embedded in a territorial hierarchy that produces lingering urban rural duality The mid 1990s onwards witnessed increasing reliance on land revenues by municipal governments causing repeated redrawing of city boundaries to incorporate surrounding countryside The identification of real estate as a growth anchor further fueled urban

expansion Sprawling commodity housing estates proliferate on urban rural fringes juxtaposed with historical villages undergoing intense densification The traditional urban core and work unit compounds also undergo wholesale redevelopment Alongside large influx of migrants major reshuffling of population has taken place inside metropolitan areas Chinese cities today are more differentiated than ever with new communities superimposing and superseding older ones The rise of the urban middle class in particular has facilitated the formation of homeowners associations and poses major challenges to hitherto state dominated local governance The present volume tries to more deeply unravel and delineate the intertwining forms and processes outlined above from a variety of angles circulatory mobility and precariousness urbanization diversity and segregation and community and local governance Contributors include scholars of Chinese cities from mainland China Hong Kong Canada Australia and the United States This volume was previously published as a special issue of *Eurasian Geography and Economics*
