one of the few Russian plays constructed with unerring art from beginning to end The great originality of its plan consisted in the absence of all love interest and of sympathetic characters The latter feature was deeply resented by Gogol s enemies and as a satire the play gained immensely from it There is not a wrong word or intonation from beginning to end and the comic tension is of a quality that even Gogol did not always have at his beck and call The dream like scenes of the play often mirroring each other whirl in the endless vertigo of self deception around the main character Khlestakov who personifies irresponsibility light mindedness absence of measure He is full of meaningless movement and meaningless fermentation incarnate on a foundation of placidly ambitious inferiority D S Mirsky The publication of the play led to a great outcry in the reactionary press It took the personal intervention of Tsar Nicholas I to have the play staged with Mikhail Shchepkin taking the role of the Mayor
