The Great Martyrdom Of Husain:

The Shi'i Islamic Martyrdom Narratives of Imam al-Husayn Muhammad-Reza Fakhr-Rohani, 2023-06-14 Martyrdom narratives maqtals represent a prominent genre of Islamic particularly Shi'i literature. In this genre the heart-rending aspects of the martyrdom scenes of religiously prominent people are depicted graphically. Although not exclusively limited to the martyrdom accounts of Imam al-Husayn and his companions who were martyred on the plain of Karbala, Iraq, a great majority of Islamic martyrdom narratives deal with the Ashura episodes. As the first book-length treatment of this genre in English, this text takes the reader from the dawn of Islam in ancient Arabia, exploring the background of the Battle of Karbala and giving a view of the various maqtals and several related studies. Although examining Arabic and Persian sources, this book presupposes little background knowledge on the part of the reader. *Chronicles of the Martyrdom of Imam Husayn* Muhammad Muhammadi Rayshahri, 2020-01-01 The martyrdom of Imam Husayn sent shockwaves through the early Muslim community. Today this tragedy is still remembered, studied, and commemorated. However, in recent years there have been increasing questions over the reliability of the historical accounts of his martyrdom. What material is reliable and what sources can be used when presenting the narrative of his martyrdom to others? The *Chronicles of the Martyrdom of Imam Husayn* was compiled to fill the need for a strongly reliable source on Imam Husayn's final days. Meticulously researched, it contains narrations about the Imam's last stand that are found only in the earliest extant sources. Hand-selected for their reliability, they have been arranged and translated into fluid, precise English. No detail of the narrative of the martyrdom of Imam Husayn has been left out from his fateful journey towards Iraq to the journey of the captives afterwards and the events surrounding Arba'in. The *Chronicles* also includes narrations on related topics of interest, such as the custom of mourning the martyrdom of Imam Husayn and fasting on the day of Ashura. Ample preliminary matter, written by recognised Islamic scholars, addresses the question of the reliability of early and medieval sources, the nature of the oral versus the written tradition, and the challenges faced in the modern era in presenting a reliable account of Imam Husayn's martyrdom. The Arabic text of the narrations has been included throughout, and the work is rounded out with five detailed maps of the Imam's journey. This work is certain to find a special place in the personal library of historians, students, and scholars of Islam, those speaking from the pulpit, and anyone with an interest in Imam Husayn ibn Ali ibn Abi Talib. A. Compiled by Muhammad Muhammadi Rayshahri. Translated by Abbas Jaffer. **History and Philosophy of Husain's Martyrdom** Mohammad Ali Salmin, 1937 **The Husaini Revolution of Islam** Saiyed Jafar Reza, 2016-01-01 The book in hand is on an interesting international subject, the Battle of Karbala, which was fought against the biggest Muslim Empire of the time, 860 AD, by Imam Husain, the grandson of Prophet Muhammad, who revolutionised in defence of Truth and Justice and became a martyr along with his relatives and associates for the cause and survival of humanity. In modern terminology, it is better known as the Husaini Revolution. Its anniversary is observed regularly in the month of Muharram of the Hijri calendar with

splendor in almost every country especially by the Muslims But no such book is available in English with a analysis of the religious perspective achievements and effects of the Husain i Revolution Professor Saiyed Jafar Reza and internationally known scholar thinker and litterateur has compensated this scarcity through the present book as an authentic document of a valuable subject His studies on the Husain i Revolution are thorough and path breaking give rare insight into the liberal and spiritual dimension of Isl am His writing is to be read again and again read in bits and pondered over **The Al Qaeda Discourse of the Greater Kufr** Daurius Figueira,2004-11 This is the final text of the trilogy consisting of Jihad in Trinidad and Tobago and Exiting a Racist Worldview The text presents a deconstruction of Islamic discourse with specific reference to jihad military engagement and the shahid martyr The Al Qaeda discourse of the greater kufr is deconstructed to expose its antecedents in militarist Islamic discourse born out of the contradiction between Islam and western capitalist colonial imperialism Primary to the development of the discourse of military engagement with the west is the discourse of Pakistani thinkers deconstructed in the text The discourse of Al Qaeda is then the product of contradiction between Islam and western imperialism and hegemony Thereby constituting the most potent threat to Islam since the crusades as manifested in the discourse of Al Qaeda Revolutionary Ideology and Islamic Militancy Najibullah Lafraie,2009-02-28 The war on terror tends to circumscribe crucial developments in the Islamic world within a narrow definition of Islamic terrorism This partial and incomplete perspective fails to comprehend the links between today s scenario and the Iranian revolution of 1979 a revolution fought in the name of God and spearheaded by religious scholars It is vital to examine the relationship between religious and revolutionary ideologies and the revolutionary potentials of Islamic teachings In a penetrating new study Najibullha Lafraie examines how revolutionary ideologies function and applies these insights to the Quran and its interpreters in the vanguard of the Iranian revolution By unpacking these discourses Lafraie develops and refines the concept of a Quranic revolutionary ideology The Ideology of the Islamic Revolution delineates the different ways in which the Quran was used to mobilise action in 1979 and in so doing provides a context for understanding today s Islamist movements The Making of Martyrdom in Modern Twelver Shi'ism Adel Hashemi,2022-02-24 In Twelver Shi a Islam the wait for the return of the Twelfth Imam Muhammad ibn al Hasan al Mahdi at the end of time overshadowed the value of actively seeking martyrdom However what is the place of martyrdom in Twelver Shi ism today This book shows that the Islamic revolution in Iran resulted in the marriage of Shi i messianism and extreme political activism changing the mindset of the Shi a worldwide Suddenly each drop of martyrs blood brought the return of al Mahdi one step closer and the Islamic Republic of Iran supposedly became the prelude to the foretold world revolution of al Mahdi Adel Hashemi traces the unexplored area of Shi i discourse on martyrdom from the 1979 revolution when the Islamic Republic s leaders cultivated the culture of martyrdom to topple the Shah s regime to the dramatic shift in the understanding of martyrdom today Also included are the reaction to the Syrian crisis the region s war with ISIS and other Salafi groups and the renewed commitment to the defense of shrines This

book shows the striking shifts in the meaning of martyrdom in Shi ism revealing the real relevance of the concept to the present day Muslim world *Reliving Karbala : Martyrdom in South Asian Memory* Syed Akbar Hyder Assistant Professor of Asian Studies and Islamic Studies University of Texas at Austin N.U.S.,2006-03-23 In 680 C E a small band of the Prophet Muhammads family and their followers led by his grandson Husain rose up in a rebellion against the ruling caliph Yazid The family and its supporters hopelessly outnumbered were massacred at Karbala in modern day Iraq The story of Karbala is the cornerstone of institutionalized devotion and mourning for millions of Shii Muslims Apart from its appeal to the Shii community invocations of Karbala have also come to govern mystical and reformist discourses in the larger Muslim world Indeed Karbala even serves as the archetypal resistance and devotional symbol for many non Muslims Until now though little scholarly attention has been given to the widespread and varied employment of the Karbala event In *Reliving Karbala* Syed Akbar Hyder examines the myriad ways that the Karbala symbol has provided inspiration in South Asia home to the worlds largest Muslim population Rather than a unified reading of Islam Hyder reveals multiple sometimes conflicting understandings of the meaning of Islamic religious symbols like Karbala He ventures beyond traditional scriptural interpretations to discuss the ways in which millions of very human adherents express and practice their beliefs By using a panoramic array of sources including musical performances interviews nationalist drama and other literary forms Hyder traces the evolution of this story from its earliest historical origins to the beginning of the twenty first century Today Karbala serves as a celebration of martyrdom a source of personal and communal identity and even a tool for political protest and struggle Hyder explores how issues related to gender genre popular culture class and migrancy bear on the cultivation of religious symbols He assesses the manner in which religious language and identities are negotiated across contexts and continents At a time when words like martyrdom jihad and Shiism are being used and misused for political reasons this book provides much needed scholarly redress Through his multifaceted examination of this seminal event in Islamic history Hyder offers an original complex and nuanced view of religious symbols **Unique Sacrifice of Imam Hussain for Humanity** Dr. S. Manzoor Rizvi,2014-10-14 *Unique Sacrifice of Imam Hussain for Humanity* is a book compiled by Dr Manzoor Rizvi which highlights many aspects of the great martyrdom and sacrifice presented by Prophet Muhammad s grandson Imam Hussain **The Muharram Mysteries Among the Azerbaijan Turks of Caucasia** Ivar Lassy,1916
