people for their known history working as fighters herders and protectors Today the breed is utilized in work with military

reputation often overlooks is just how much personality Rottweilers have They can be great guardians but the vast majority
of the time they are goofy pups that consider themselves lap dogs It s not unusual for a full sized Rottie to try to flop down on
top of your lap while you sit on the couch or to dance at your feet begging for you to run around outside with them They love
to play and are very trainable simply because that training means spending more time with you This wonderful loving and
affectionate breed can be the perfect addition to the right home Is a Rottweiler the breed for you Find out inside The

helps us to learn how much training is needed for a friendlier more outgoing pet Rottweilers are excellent watchdogs and guardians Their alert and protective nature can serve to protect both you and your family from strangers However like other dog breeds this aspect of their personality may not appeal to you if you are looking for a more guest friendly dog This breed has a high energy level and strong territorial instincts which are other aspects to consider A slow lifestyle is not ideal as they have a tendency to get a bit overweight For this reason they require daily exercise and space to expend that energy Mental exercise is another very important factor to take into account Despite their strong personality and characteristics Rottweilers are highly recommended as guardians and protectors With proper training and firm attention Rottweilers make an excellent addition to the list of man s best friend The Rottweiler Richard F.
