The Grand Plan Shirley Goleski, 2013-08 The Grand Plan tells what a wonderful life waits for us The time has come for civilization to cease fighting over lands and places to live There is a planet close by waiting for us We will be the Monarch Butterflies of the human race We will begin our journey and our descendants will finish it for us This is not to say we won't reach our first destination we will many times over There isn't anything too complicated for us the human society to accomplish This body we occupy in which our brain also lives is engineered in such a manner that it enables us to create out of the things that exist what we need for a comfortable living Mars is available for us to use We can copy what we have here on this planet Earth We can continue on from what we have instead of starting over There is a Grand Plan for the Human Race We are not here by

accident We have been coddled and shaped for a very special reason We are the foundation for a Grand Plan It s time to put on our thinking cap Let s travel back to the caves discovered by someone the caves showing the drawings of the Astronauts and their vehicles Humans have come this close to fulfilling the Grand Plan before We can see by the drawings we have tried this at least one other time But they waited too long to make a move and as a result didn t have enough time to move as many people as they needed for their future so only the Astronauts and their families were able to leave their home planet All of their knowledge was forgotten while the few humans struggled to survive Let s not let that happen again **Digest** ,1923
