The Grandparents Handbook Winston Family Handbooks:

The Grandparents' Handbook Hugh Jolly, 1984 **Subject Guide to Books in Print**, 1997 The Christian Educator's Handbook on Family Life Education Kenneth O. Gangel, James C. Wilhoit, 2001-02-01 As a start or an addition to your library few books would make a better choice than The Christian Educator's Handbook series offered by Baker Books. Noted Christian education authorities such as Kenneth Gangel, James Wilhoit, Howard Hendricks, and Robert Choun have edited or written these books. Their scope ranges from adult to children's education and covers spiritual formation, teaching, and family life ministries. Christian Education Counselor **Handbook on Grandparenthood** Maximiliane E. Szinovacz, 1998-07-28 Based on original contributions from leading scholars, this handbook offers critical reviews of variations in grandparenthood, historical, cultural, race, gender, contingencies, transitions, roles, influence, divorce, surrogate parenting, adult grandchildren, and interventions, clinical policies, programs. It also addresses research trends and needed conceptual and theoretical refinements. The introduction describes trends in grandparenting research since the middle of this century and offers a brief synopsis of the book's contents as well as specific suggestions for further research. The first part addresses diversity in grandparenting experiences, including historical and demographic trends, racial and ethnic variations, contextual influences, with special emphasis on grandparents in rural and farm environments and gender differences in grandparents and grandchildren's experiences. The second part focuses on the dynamics and contingencies of grandparenting. Chapters address transitions in grandparents' lives, grandparents' roles, the impact of grandparenting on grandchildren, and grandparenting under special circumstances such as divorce and surrogate parenting. The third part deals with interventions in grandparenting. Specific issues addressed are clinical interventions and therapy with extended families, policies concerning grandparents' visitations and grandparents as surrogates, parents, and programs for grandparents. The book's concluding chapter offers suggestions for future research. The work has an extensive, comprehensive bibliography and index. This work will be of interest to professionals and students in gerontology, family studies, social services, ethnic studies, gender studies, and sociology. **Books in Print**, 1994 **Books in Series, 1876-1949** R.R. Bowker Company, 1982 **American Book Publishing Record**, 1985 *Grandparents' Little Dividends* Marian S. Levin, Sunie Levin, 1991-08 **Books in Print Supplement**, 1994 **Alternative Health Maintenance and Healing Systems for Families** Doris Y. Wilkinson, Marvin B. Sussman, 1987 This important book offers timely discussions of movements in modern medicine that have had great impact upon the family: the hospice movement and the integration of the family into birthing care of the dying, the chronically ill, and the mentally ill. This book emphasizes that alternative health practices, often viewed as archaic by Western-trained health care personnel, do not have to be in conflict with modern medical practices but can instead enrich and expand them. The authors discuss fascinating health practices which are changing the course of medicine.
