The Great American Thing Wanda M. Corn, Patricia McDonnell, 2005

The Great American Thing Wanda M.

Corn, 1999 The author organizes each chapter around a single work of art probing first its peculiar poetry and then its contingent relationships to the history literature art criticism music and popular culture of the time Jacket **George**

Inness and the Science of Landscape Rachael Z. DeLue, 2008-09-15 George Inness 1825-94 long considered one of America's greatest landscape painters has yet to receive his full due from scholars and critics A complicated artist and thinker Inness painted stunningly beautiful evocative views of the American countryside Less interested in representing the details of a particular place than in rendering the subjective mystery of nature Inness believed that capturing the spirit or essence of a natural scene could point to a reality beyond the physical or as Inness put it the reality of the unseen Throughout his career Inness struggled to make visible what was invisible to the human eye by combining a deep interest in nineteenth century scientific inquiry including optics psychology physiology and mathematics with an idiosyncratic brand of mysticism Rachael Ziady DeLue's *George Inness and the Science of Landscape* the first in depth examination of Inness's career to appear in several decades demonstrates how the artistic spiritual and scientific aspects of Inness's art found expression in his masterful landscapes In fact Inness's practice was not merely shaped by his preoccupation with the nature and limits of human perception he conceived of his labor as a science in its own right This lavishly illustrated work reveals Inness as profoundly invested in the science and philosophy of his time and illuminates the complex manner in which the fields of art and science intersected in nineteenth century America Long awaited this reevaluation of one of the major figures of nineteenth century American art will prove to be a seminal text in the fields of art history and American studies

Internationalizing the History of American Art Barbara S. Groseclose, Jochen Wierich, 2009 A collection of essays presenting international perspectives on the narratives and the practices grounding the scholarly study of American Art

Provided by publisher **Marsden Hartley's Maine** Donna M. Cassidy, Elizabeth Finch, Randall R. Griffey, 2017-03-13 Marsden Hartley had a lifelong personal and aesthetic engagement with Maine where he was born in 1877 and where he died at age sixty six As an important member of the artistic circle promoted by Alfred Stieglitz Hartley began his career by painting the mountains of western Maine He subsequently led a peripatetic life traveling throughout Europe and North America and only occasionally visiting his native state By midlife however his itinerant existence had taken an emotional toll and he confided to Stieglitz that he wanted so earnestly a place to be Finally returning to the state in his later years he transformed his identity from urbane sophisticate to the painter from Maine But while Maine has played a clear and defining role in Hartley's art not until now has this relationship been studied with the breadth and richness it warrants p p1 margin 0 0px 0 0px 0 0px font 14 0px Verdana Marsden Hartley's Maine is the first in depth discussion of Hartley's complex and shifting relationship to his native state Illustrated with works from throughout the painter's career it provides a nuanced

understanding of Hartley's artistic range from the exhilarating Post Impressionist landscapes of his early years to the late roughly rendered paintings of Maine and its people. The absorbing essays examine Hartley's view of Maine as a place of light and darkness whose spirit imbued his art which encompassed buoyant coastal views, mournful mountain vistas and portraits of Mainers. An illustrated chronology provides an overview of Hartley's life juxtaposing major personal incidents with concurrent events in Maine's history. For Hartley, who was strongly influenced by such artists as Paul C. Zanne, Winslow Homer and Albert Pinkham Ryder, Maine was an enduring source of inspiration, one powerfully intertwined with his past, his cultural milieu and his desire to create a regional expression of American modernism. American Art, Yale University Art Gallery, 2023-06-27. A tour through the Yale University Art Gallery's holdings of American art, one of the most exceptional museum collections of its kind. This volume presents an engaging selection of highlights and introduces readers to the richness and diversity of the Yale University Art Gallery's holdings of American art. An introductory essay outlines pivotal moments in the three hundred year history of collecting, exhibiting and teaching with American art at Yale and commemorates the fiftieth anniversary of the founding of the Friends of American Arts at Yale, whose support continues to ensure the excellence of the collection. The more than one hundred object entries that follow create a narrative that charts the multiplicity of experiences and accomplishments of artists and artisans living and working in North America from the earliest days of European settlement to the present. Among the catalogued objects are works by some of the best known names in American art as well as recent acquisitions and masterpieces that represent diverse American identities. A dazzling range of media is displayed including paintings and sculpture, medals, prints and drawings, photographs, jewelry, furniture and decorative arts. Each object is illustrated with a full page image and is accompanied by a one page discussion that focuses on its contribution to the history of American art. Distributed for the Yale University Art Gallery. American Painting of the Nineteenth Century, Barbara Novak, 2007-01-12. In this distinguished work which Hilton Kramer in The New York Times Book Review called surely the best book ever written on the subject, Barbara Novak illuminates what is essentially American about American art. She highlights not only those aspects that appear indigenously in our art works but also those features that consistently reappear over time. Novak examines the paintings of Washington Allston, Thomas Cole, Asher B. Durand, Fitz H. Lane, William Sidney Mount, Winslow Homer, Thomas Eakins and Albert Pinkham Ryder. She draws provocative and original conclusions about the role in American art of spiritualism and mathematics, conceptualism and the object and Transcendentalism and the fact. She analyzes not only the paintings but nineteenth century aesthetics as well, achieving a unique synthesis of art and literature. Now available with a new preface and an updated bibliography, this lavishly illustrated volume featuring more than one hundred black and white illustrations and sixteen full color plates remains one of the seminal works in American art history. Kentucky by Design, Andrew Kelly, 2015-07-31. The Index of American Design was one of the most significant undertakings of the Federal Art Project, the visual arts arm of the Works Progress Administration.

Part of President Franklin D Roosevelt s New Deal this ambitious initiative set out to discover and document an authentic American style in everyday objects The curators of the Index combed the country for art of the machine age from carved carousel horses to engraved powder horns to woven coverlets created by artisans for practical use In their search for a true American artistic identity they also sought furniture designed by regional craftsmen laboring in isolation from European traditions Kentucky by Design offers the first comprehensive examination of the objects from the Bluegrass State featured in this historic venture It showcases a wide array of offerings including architecture furniture ceramics musical instruments textiles clothing and glass and metalworks The Federal Art Project played an important role in documenting and preserving the work of Shaker artists from the Pleasant Hill and South Union communities and their creations are exhibited in this illuminating catalog Beautifully illustrated with both the original watercolor depictions and contemporary art quality photographs of the works this book is a lavish exploration of the Commonwealth s distinctive contribution to American culture and modern design Features contributions from Jean M Burks Erika Doss Jerrold Hirsch Lauren Churilla Larrie Currie Michelle Ganz Tommy Hines Lee Kogan Ron Pen Janet Rae Shelly Zegart Mel Hankla Philippe Chavance Kate Hesseldenz Madeleine Burnside and Allan Weiss **Kem Weber** Christopher Alan Long,2014-01-01 The first major look at the renowned industrial designer and architect who helped to shape the look of American modernism from the 1920s through the early 1950s For German born Kem Weber 1889 1963 design was not about finding a new expression it was about responding to structural economic and social requirements characteristic of our daily routine of living He sought to ensure that each design he produced whether a piece of furniture or a building or an interior was an improvement that responded to modern needs and modern life Weber was a leading figure of modernism on the West Coast from the 1920s through the early 1950s and his work greatly influenced the California style of the time His most iconic designs were his Bentlock line the Air Line chair the interiors for the Bixby House and his tubular steel furniture for Lloyd This book a result of significant new primary research in the Weber family s archives represents the first major study of the life and career of this important designer Christopher Long details the full range of Weber s contributions focusing particularly on the part he played in the advancement of American modernism and his role in heralding a new way of making and living Marsden Hartley Donna Cassidy,2005 A provocative new reading of the great American avant garde artist Marsden Hartley s late work
