[A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit](#) A.S., 2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals

and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change

Our Humanist Heritage George Frater, 2010-07 This fast paced and well documented analysis of the government s steady march away from God will either thrill or anger you depending on your worldview For those of us who acknowledge the Creator of the Universe as our God Savior and Lord this document tends to stir up both the sadness at the exponential slippage from our foundations as a Country and a challenge to stand strongly and openly against the growing intensity of those who would remove religion from America The nations rage sometimes and imagine a vain thing but he who sits in the heavens shall laugh Mr Frater has done a wonderful job of tracing the Humanist movement from its early inception and its subtle and damaging impact on our nation over the decades All serious students of history and those of Kingdom concern should avail themselves of his work

The Necessity of Secularism Ronald A. Lindsay, 2014-12-01 For the first time in human history a significant percentage of the world s population no longer believes in God This is especially true in developed nations where in some societies nonbelievers now outnumber believers Unless religion collapses completely or undergoes a remarkable resurgence countries across the globe must learn to carefully and effectively manage this societal mix of religious and irreligious For in a world already deeply riven by sectarian conflict this unprecedented demographic shift presents yet another challenge to humanity Writing in an engaging accessible style philosopher and lawyer Ronald A Lindsay develops a tightly crafted argument for secularism specifically that in a religiously pluralistic society a robust thoroughgoing secularism is the only reliable means of preserving meaningful democracy and rights of conscience Contrary to certain political pundits and religious leaders who commonly employ the term secularism as a scare word Lindsay uses clear concrete examples and jargon free language to demonstrate that secularism is the only way to ensure equal respect and protection under the law for believers and

nonbelievers alike Although critical of some aspects of religion Lindsay neither presents an antireligious tirade nor seeks to convert anyone to nonbelief reminding us that secularism and atheism are not synonymous Rather he shows how secularism works to everyone s benefit and makes the definitive case that the secular model should be feared by none and embraced by all
