Florey, 2016-04-29 American women's suffrage activists were fascinated with suffrage-themed postcards. They collected them, exchanged them, wrote about them, used them as fundraisers, and organized postcard day campaigns. The cards they produced were imaginative and ideological, advancing arguments for the enfranchisement of women and responding to antisuffrage broadsides. Commercial publishers were also interested in suffrage cards, recognizing their profit potential. Their products, though, were reactive rather than proactive, conveying stereotypes they assumed reflected public attitudes, often negative towards the movement. Cataloging approximately 700 examples, this study examines the visual rhetoric of suffrage postcards in the context of the movement itself and as part of the general history of postcards **Karen's Chain Letter**

Vogl, 2023-09-26 Before Louise Scherbyn founded the Women's International Motorcycle Association, she was simply a working girl who loved motorcycling at a time when women weren't allowed to wear pants, roads weren't hardtopped, and handlebars could come apart while riding. The hardest part? Auxiliaries she looked to for support each proved to be the wrong fit, some uncomfortably, disastrously so. All Louise wanted was for women riders to have a proper space of their own. For that, she would ultimately have to forge a new path. This book tells the fascinating story of Scherbyn's journey in forming the first stand-alone women-only motorcycle association. Chapters cover 225,000 miles and two decades worth of community building, hostilities, physical and professional attacks, recovery, sisterhood, and more. Scherbyn paved the way for women motorcyclists across the world while facing a storm of threats and uncertainties, driving ahead with newfound friends and her singular
