Ricardo Barreiro, Francisco Solano López, 1979 **Science Fiction in Argentina** Joanna Page, 2016-04-05 It has become something of a critical commonplace to claim that science fiction does not actually exist in Argentina This book puts that claim to rest by identifying and analyzing a rich body of work that fits squarely in the genre Joanna Page explores a range of texts stretching from 1875 to the present day and across a variety of media literature cinema theatre and comics and studies the particular inflection many common discourses of science fiction e g abuse of technology by authoritarian regimes apocalyptic visions of environmental catastrophe receive in the Argentine context A central aim is to historicize these texts showing how they register and rework the contexts of their production particularly the hallmarks of modernity as a social and cultural force in Argentina Another aim held in tension with the first is to respond to an important critique of historicism that unfolds in these texts They frequently unpick the chronology of modernity challenging the linear universalizing models of development that underpin historicist accounts They therefore demand a more nuanced set of readings that work to supplement revise and enrich the historicist perspective **The ^AReal Las Vegas** David Littlejohn, 1999-10-28 What

images come to mind when you think of Las Vegas Mobsters and showgirls magicians and tigers multimillion dollar poker games and prizefights towering signboards that light up the night in front of ever more spectacular casino hotels But real people live here too over a million today two million tomorrow Greater Las Vegas has long been the fastest growing metropolitan area in America And almost every aspect of its citizens lives is influenced by the almighty power of the gambling industry A team of fifteen reporters led by David Littlejohn together with prize winning photo journalist Eric Gran studied the real Las Vegas the city beyond the Strip and Downtown for the better part of a year They talked to teenagers

whose suicide and dropout rates frighten parents senior citizens many of whom spend their days playing bingo and the slots Mexican immigrants who build the new houses and clean the hotels homeless people and angry blacks as well as local police active Christians city officials and prostitutes They looked into the local churches the powerful labor unions pawn shops the real estate boom defiant ranchers to the north and dire predictions that the city is about to run out of water Proud Las Vegans claim that theirs is just a friendly southwestern boomtown the finest community I have ever lived in says Bishop Daniel Walsh who comes from San Francisco But their picture of Las Vegas as a vibrant civic minded metropolis conflicts with evidence of transiency rootlessness political impotence and social dysfunction In this close up investigation of the real lives being led in America s most tourist jammed gambling driven city readers will discover a Las Vegas very different from the one they may have seen or imagined

Reed Sternberg cells immunological alterations in Hodgkin s disease molecular genetic studies into the pathogenesis of Hodgkin s disease and results of studies on Hodgkin cell lines This book provides data that go beyond those covered in textbooks in pathology and hematology and should be of interest to all pathologists and clinicians dealing with the diagnosis and management of Hodgkin s disease as well as to lymphoma researchers *Contemporary Graphic Artists* Maurice Horn,1986 The Black Book and the Mob Ronald Farrell,Carole Case,1995-09-01 A tale of good and evil of corruption and deceit of prejudice politics and power this compelling account scrutinizes the immensely lucrative Nevada gambling industry s struggle to maintain legitimacy or at least the appearance of it Ronald A Farrell and Carole Case tell how state regulators created the Black Book in the 1960s a list of notorious and unsavory persons banned forever from owning managing or even entering casinos in the state The regulators dramatically pursued and publicly denounced former lieutenants of Al Capone alleged overlords of the American Mafia nationally known professional gamblers and major casino owners as well as small time bookies and hoods reputed sports fixers and gambling cheats To date thirty eight names have been entered in the Black Book including Sam Giancana Anthony Spilotro and Frank Lefty Rosenthal Farrell and Case contend however that the denunciations were a melodrama meant to show that the government was cleansing the city of corruption Through the Black Book the regulators focus public attention on the Mob rather than on a multitude of competing criminal interests already in the gaming industry The authors uncover evidence of ethnic discrimination by the regulators including selective prosecution of Italian Americans whose notoriety fit popular Mafia stereotypes The Black Book and the Mob records hearings of the regulatory commission and the voices of lawyers government officials casino owners and the people named in the Black Book itself This Las Vegas story is a rebuke to the gaming industry and a cautionary tale for many states and communities now weighing the legalization of casino gambling *Menk V.
