on a life of her own Focused on this altered and renewed form of female monstrosity this study engages with an international array of recent and contemporary screen entertainments from arthouse and indie horror films by emergent female auteurs to the franchised products of multimedia conglomerates to quality television horror to the social media based creations of horror fans working as producers In this way the monograph in its organisation and scope maps the converged and rapidly changing environment of 21st century screen cultures in order to situate the monstrous female anti hero as one of its distinctive products
