Small Killing:

The Shock of the Old David Edgerton, 2007-01-22 From the books of H G Wells to the press releases of NASA we are awash in clichéd claims about high technology's ability to change the course of history Now in *The Shock of the Old* David Edgerton offers a startling new and fresh way of thinking about the history of technology radically revising our ideas about the interaction of technology and society in the past and in the present He challenges us to view the history of technology in terms of what everyday people have actually used and continue to use rather than just sophisticated inventions Indeed many highly touted technologies from the V 2 rocket to the Concorde jet have been costly failures while many mundane discoveries like corrugated iron become hugely important around the world Edgerton reassesses the significance of such acclaimed inventions as the Pill and information technology and underscores the continued importance of unheralded technology debunking many notions about the implications of the information age A provocative history *The Shock of the Old* provides an entirely new way of looking historically at the relationship between invention and innovation [The War of the Rebellion](#) United States. War Department, 1897 *Tempting the Highlander* Michele Sinclair, 2011-05-26 The author of *Desiring the Highlander* entertains with noble self sacrifice double deceptions sizzling attraction and affectionate meddling Publishers Weekly Of the seven bold brothers born to defend their Scottish Highlands Crevan McTiernay is the most restrained But that doesn't make him any less passionate It Begins as a Ploy When Raelynd Schellden and her sister are caught in the stables with the notorious McTiernay twins her father sees not scandal but opportunity The future of his clan is uncertain and a double engagement even under false pretenses will lend security to his people and protect his beloved daughters from power mad fools and Becomes a Pleasure But Raelynd's designated intended interests her far less than his quietly powerful brother Crevan a man born to lead Though bound by honor and committed to his sworn duty Crevan cannot resist a taste of Raelynd's crimson lips when offered and then another and another until the unlikely couple is entangled in both a public deception and each other's hearts A delightful Scottish romp with an array of characters I couldn't help liking even the supposed villain turns out to be a charmer *Tempting the Highlander* is one those cozy reads that leaves a smile on your face at the end of the book Fresh Fiction Reading like a delightful Shakespearean comedy Sinclair's latest has humor passion and sexual tension RT Book Reviews [Curiosities of Physical Geography. 2 Series](#) Wilhelm WITTICH (Professor of German at University College, London.), 1869 *Seal and Salmon Fisheries and General Resources of Alaska* United States.
