Refusing to be a Man John Stoltenberg, 2005-07-28 Since its

original publication in 1989 Refusing to be a Man has been acclaimed as a classic and widely cited in gender studies literature In 13 eloquent essays Stoltenberg articulates the first fully argued liberation theory for men that will also liberate women He argues that male sexual identity is entirely a political and ethical construction whose advantages grow out of injustice His thesis is however ultimately one of hope that precisely because masculinity is so constructed it is possible to refuse it to act against it and to change A new introduction by the author discusses the roots of his work in the American civil rights and radical feminist movements and distinguishes it from the anti feminist philosophies underlying the recent tide of reactionary mens movements Wild Sexy Series #1-3: Contemporary Romance: A Free Contemporary Romance Box-set
