Some Moral And Religious Teachings Of Alghazzali:

Some Religious and Moral Teachings of Al-Ghazzali Ghazzālī, 1921 Some Moral and Religious Teachings of Al-Ghazzali Ghazzālī, Nawab Syed Ali, 1944 *Some Moral and Religious Teachings of Al-Ghazzali* al-Ghazzali, 1974

Some Religious and Moral Teachings of Al-Ghazzali Mohammed Al-Ghazzali, *The Comparative Study of Religions* interesting as a form of intellectual research has for many a further value in the influence it may exert upon the widening and the deepening of the religious life The practical value may become more and more acknowledged if as signs suggest the reality of the religious experience is more keenly felt and mankind recognise the place of religious goods in the highest type of life Though it is certainly premature to say that there is much serious acknowledgement and recognition of these values amongst the peoples of the world there are reasons to think that tendencies of thought and feeling in this direction are increasing in power One of the best means of aiding the Comparative Study of Religions and promoting these tendencies is by the publication of important books connected with the religions representing the views of leading thinkers and saints If we turn to Islam we find that some Western writers describe it as in a condition of progressive decay while others would have us believe that its onward march is a menace It is well to be able to avoid the obvious purpose which lies behind both contentions Nevertheless to the present writer it appears true to say that there is much stagnation in Islam In which religion is there not and that its spirit is often lost and its real teachings neglected owing to the general use of Arabic in the recitation of the Quran by persons entirely ignorant of that language and also to the prevalent mechanical conception of the character of the Quran as a form of divine revelation We believe that the Comparative Study of Religions will help to turn the attention of Muslims away from these to the emphasising of the essential spirit of Islam This should be central and normative in the rising movements of reform and rejuvenescence In this connection as bringing out this spirit it is especially appropriate both for the students of the religions and for those directly interested in the spiritual revival in Islam to publish in an easily accessible form some of the religious and moral teachings of Ghazzali A Western scholar has written of him that he is the greatest certainly the most sympathetic figure in the history of Islam the only teacher of the after generations ever put by Muslims on a level with the four great Imams And he goes on to remark further In the renaissance of Islam which is now rising to view his time will come and the new life will proceed from a renewed study of his works But Dieterici says of him As a despairing sceptic he springs suicidally into the all God i e all pervading deity of the Pantheists to kill all scientific reflection To justify such a judgment would indeed be impossible if the whole course of Ghazzali s works is taken into consideration The greatest eulogy is perhaps that of Tholuck All that is good worthy and sublime which his great soul had compassed he bestowed upon Muhammedanism and he adorned the doctrines of the Quran with so much piety and learning that in the form given them by him they seem in my opinion worthy of the assent of Christians Whatsoever was most excellent in the philosophy of Aristotle or in the Sufi mysticism he discreetly adapted to the Muhammedan theology From

every school he sought the means of shedding light and honour upon religion while his sincere piety and lofty conscientiousness imparted to all his writings a sacred majesty

Some Moral and Religious Teachings of Imam Ghazali Syed Nawab Ali,2023-12-09 The book besides giving the reader a correct idea of Ghazali s approach to various religious questions will also arouse the interest of the reader to study Ghazali s works more intimately and at first hand His approach is always the lifting of the veil from the eyes of the heart so as to see the mysterious relation between man and his Maker and to be filled with a sense of awe and reverence in the presence of an Omnipotent Holy Being Who pervades the universe

A History of Muslim Philosophy M. M. SHARIF,1999

Routledge Revivals: The Islamic Jesus (1977) Don Wismer,2016-09-13 First published in 1977 this book is intended as a

record of sources in Islamic prophetology which focus on the prophet Isa Jesus in Christian theology The Islamic Isa differs markedly from the Christian Jesus most obviously in that although considered an important prophet he is overshadowed by Muhammad The doctrine of tawhid the indivisible oneness of God also necessarily means the rejection of Christ's incarnation or dual nature The primary role of Jesus in Islam as with all Islamic prophets is to reaffirm the primeval religion of man best expressed by the Shadada and Islam This book collects as comprehensively as possible bibliographic sources in English and French from the time of the earliest available texts circa 1650 providing annotated commentary and source information making it an invaluable research tool for anyone who wishes to study the Islamic Jesus in more detail

Youth Work and Islam Brian Belton, Sadek Hamid, 2012-01-01 Youth Work and Islam provides an eclectic focus reflecting its dual inspirations of its title It considers how youth work can be informed by Islam but at the same time looks at how practice can be pertinent to young Muslims their community and relationship with wider society In this book Sadek Hamid and Brian Belton bring together a range of thinkers and practitioners who exemplify and analyse this situation This not only produces much more than a straightforward view of informed practice it also presents a broad and humane understanding of the character and possibilities of youth work over a broad perspective Centrally while the work demonstrates how Islam and Muslims have contributed to the development of youth work it also puts forward ideas and standpoints that demonstrate how Islam can continue to inform practice add to its humanitarian ethos and even make our work with young people in general more effective As such Youth Work and Islam is an essential part of any youth worker's reading working within and beyond Muslim contexts It is also a useful and readable text for social workers teachers police officers clerics medical professional and anyone wanting a more informed understanding of how faith perspectives can inform and refresh attitudes approaches and enhance work with individuals groups and communities
